Administration Report of the Jaipur State

1935-36, (Sambat 1992).

(from 1st September, 1935, to 31st August 1936)

CHAPTER I.

GENERAL AND POLITICAL.

The Rulers of Jaipur, who are Kachhwaha Rajputs, claim descent from Kush, one of the two sons of Rama. They are Surya Vanshi, i.e., of the Solar Dynasty, and the Sun is the chief object of their worship. An annual festival in honour of the Sun, called Bhanu Saptmi, is held by the Raj in the month of Magh (January-February). The Maharaja of Jaipur is the head of the Kachhwaha clan to which clan belong, amongst others, the Mahrajas of Kashmir and Alwar. The Kachhwahas first ruled in Ayodhia, the modern Oudh. Thence they migrated towards the south to Rohtas, and ruled over the country round about the river Sone for many centuries. Subsequently they came to Narwar and Gwalior and eventually established a kingdom, in what is now Jaipur territory, with their capital at Dausa. Thereafter, subduing the Minas, who originally occupied the country called Dhundar, and dispossessing them of many important strongholds such as Kho, Mach, Jamwa-Ramgath and Amber, they made Amber their Capital. In A. D. 1728, Maharaja Jai Singh II founded the present city of Jaipur. Of the Kachhwaha kings, the most prominent were Pajwan, Dulah Rai, Koontal, Pirthi Raj-who was the founder of the twelve present Kotries-Maharaja Man Singh, Maharaja Jai Singh I and II, Maharaja Madho Singh I, and Maharaja Ram Singh. Many of them were famous warriors and enjoyed great favour at the Imperial Court of Dehli. They rendered notable services to the Moghul Emperors, from whom they received grants of Parganas and titles.

- 2. Mahamja Man Singh was one of the bravest Rulers and the greatest general of his time. His conquests were many and included the Deccan, Bengal, Orissa, Bihar and Kabul. He was appointed Mansabdar Haft Hazari, Captain of 7,000 horses, by the then Moghul Emperor-a rare distinction and honour in those times. Maharaja Jai Singh I, received the title of 'Mirza Raja' and 'Rajadhiraja,' and Maharaja Jai Singh II, the title of 'Sawai' from the Delhi Court. To Maharaja Sawai Jai Singh posterity has much cause for gratitude. Apart from the singular foresight which he displayed in the admirable design of the great capital that bears his name, he has left his mark in history as a distinguished patron of astronomy: he founded several observatories in different places, the largest and most important of them being at Jaipur. Maharaja Jagat Singh was the first Ruler of Jaipur to conclude a treaty with the British Government: this event took place in A. D. 1803. Maharaja Ram Singh rendered loyal services to the British Government during the Mutiny of 1857 and received the grant of Pargana Kot Qasim in recognition of the assistance which he gave. He was a very enlightened ruler and he greatly improved the administration and established many institutions for the benefit of his subjects. He was succeeded by His Highness Maharaja Sir Sawai Madho Singhji. Maharaja Madho Singhii visited England in 1902 to attend the Coronation of His Imperial Majesty, the King-Emperor Edward VII. He founded the Indian Peoples' Famine Fund and rendered loyal assistance to the British Government in men and money during the Great War of 1914-1919. The titles of G. C. S. I., G. C. I. E., G. C. V. O., and G. B. E., were bestowed on him, and he held the rank of Lieutenant-General in the British Army. Mahamja Madho Singhji died on the 7th September, 1922, and was succeed by the present Maharaja.
- 3. A Genealogical Table of the Ruling Family of Jaipur and a list of the Maharajas will be found in Appendices I and II.
- 4. The Jaipur State is situated in the North-East of Rajputana, lying between 25°41' and 28°34' North Latitude and between 74°41' and 77°13' East Longitude. The State covers an

Brief History of the Jaipur Ruling Family.

Situation and Area.

area of 16,682 square miles. Its extreme length from North to South is 196 miles and its extreme width 140 miles. It is bounded on the North by Bikaner, Loharu and Patiala, on the south by Udaipur, Bundi, Tonk, Kotah and Gwalior; on the East by Karauli, Bharatpur and Alwar, and on the west by Bikaner, Jodhpur, Kishangarh and the British district of Ajmer-Merwara. The detached district of Kot Qasim adjoins the Rewari Tahsil of Gurgaon district and the State of Nabha.

5. With the exception of Shekhawati, which is, to a great extent, a sandy desert tract, the

Physical Features.

country is, for the most part, level and fertile, though its surface is crossed and diversified by groups and ranges of hills and numerous isolated peaks. The central portion of the State consists of an elevated table-land from 1,400 to 1,600 feet above the level of the sea. The highest point in the Jaipur State is Raghunathgarh (3,450 feet above sea level) in Shekhawati. The principal river of Jaipur is the Banas, which flows for about 110 miles through the State or along its borders; a second river of note is the Banganga, which, for about 90 miles, traverses Jaipur territory, first in a south-easterly direction and then almost due east. The only natural lake of importance is the Salt Lake of Sambhar, which is the joint property of the Jaipur and Jodhpur Darbars. The State possesses considerable wealth in minerals, such as copper, lead, nickel, cobalt, iron, mica, steatite and garnets. In addition to the usual small game, tigers, panthers, hyenas, sambhar, pig and black bear abound in the jungles of Sawai Madhopur and Ramgarh. The total area coverd by forests is 343 square miles or 2.05 per cent of the total area of the State. The supply of sub-soil water is fair in many districts and limited in others.

Climate.

normal during the two months being minus 2.6°F. plus 3.7°F. respectively. The maximum temperature recorded at Jaipur was 115.0°F. on the 14th May, 1936, and the minimum 36.9°F. on the 13th January, 1936, the corresponding figures for 1934-35 being 112.6°F. on the 28th May, 1935, and 31.0°F. on the 19th January, 1935.

7. The normal rainfall at Jaipur is about 24 inches, of which about 19 inches are received

was 76.6°F. varying from 57.8°F. in January, 1936, to 94.5°F. in May, 1936, departure from

6. The climate is dry and healthy. The mean temperature during the year under report

Rainfall.

during the months of July, August and September. The total rainfall recorded at Jaipur during the year 1935-36 was 27.87 inches or about 4 inches above normal, as compared with 23.11 inches in the preceding year. 19.51 inches of rain was received during the months of July, August, and September of the year under report. The average rainfall throughout the State in 1935-36 was 26 inches 94 cents.

Prevailing Diseases.

8. The Capital was free from plague during the year 1935-36. There were 244 stray cases of smallpox with 21 deaths. There was a mild epidemic of cholera which prevailed for about 4 months in 11 different towns and villages including the city of Jaipur, from May to August. The total number of cholera cases reported was 181 with 83 deaths.

Season and Crops.

9. The rainfall was heavy in some parts of the State, while in other parts the rains were late and below the average. For both these reasons the Shialu crop suffered to a certain extent. The comparative rise in agricultural prices last year (St. 1991) gave some slight relief to the cultivators, but during the year under report prices again remained low and the economic condition of the people remained far from satisfactory. Remissions amounting to Rs. 4,789 were granted in Khalsa villages paying cash rent.

The total population of the State according to the Census of 1931 was 26,31,775 (13,87,067 males and 12,44,708 females) as compared with 23,38,802 in 1921; that is to say the population of the State has increased by 12.5 per cent during the past decade. The population of the Jaipur State is larger than that of any other State in Rajputana and Jaipur occupies the sixth place in point of population amongst all the States of India. Of the total population, 23,82,219 or 90.52 per cent are Hindus, 2,14,581 or 8.15 per cent Mohammedans, 29,492 or 1.12 per cent Jains, and 5,483 or 0.21 per cent profess other religions. The average density of population is about 158 persons to the square mile.

Important Towns and Villages.

11. The number of towns and villages is 6,418, the principal city being Jaipur, with a population of 1,44,179, and the principal towns, Sikar, Fatchpur, Nawalgarh, Jhunjhunu, Ramgarh, Lachmangarh and Hindaun with populations of 26,297, 19,505, 16,902, 14,272, 13,075, 12,839 and 10,825 respectively. For administrative purposes the State is divided into 11 Nizamats or districts and 29 Tehsils or Revenue Sub-divisions.

Important Towns and Villages.

12. Among the subordinate Thikanas of the Jaipur State, Chomu, Samode, Khandela, Sikar, Khetri, Uniara, Diggi, Achrole, Manoharpur and Jhalai deserve particular mention. Sikar is the richest Thikana and at the same time the largest in area.

Some Important Thikanas of Jaipur.

Jaipur City.

- 13. Jaipur, the capital of the State, is the largest city in Rajputana. It is rerved by the Rajputana-Malwa Railway, and is situated 699 miles to the north-east of Bombay and 191 miles to the south-west of Delhi. It was founded by Maharaja Sawai Jai Singh Il in A. D. 1728 and is remarkable for the regularity and width of its principal streets and the symmetry of its buildings. The city is yearly visited by a large number of tourists, and among the many places of interest may be mentioned the Armoury and Library in the City Palace; the Observatory, one of the most interesting antiquities of the State; the Historic Palace of Amher, the Ancient Capital of the State; the Ram Niwas and Zoological Gardens; the Albert Hall and Museum; the School of Arts; the Alligator Tank or Talkatora; and the Galta, a place of holy pilgrimage for the Hindus. The city is provided with electric light and an up-to-date system of water supply. The new Water Works have cost nearly forty-three lakhs of rupees (including consequential drainage) and were opened by His Excellency Lord Irwin on the 13th of March, 1931. The city is well supplied with Medical Institutions; the most important of these is the Mayo Hospital, which is well equipped and organised in every way and enjoys a high reputation in Rajputana. As mentioned elsewhere in the report, a new General Hospital, to be named the "Lady Willingdon Hospital," is under construction. The State Zenana Hospital, which has been designed for eventual expansion to 160 beds, was declared open by Her Highness the Senior Maharani Sahiba on the 13th of April, 1931. Of the educational institutions, the Maharaja's College, which is a first grade college teaching up to the M.A. Standard, the Sanskrit College and the Girls School may be mentioned. Dyeing, carving in marble, enamelling in gold, pottery, jewellery and brass work are the local industries, while the Central Jail is well-known for its durries and carpets.
- 14. There are some 500 miles of Railway within the State limits, including 181 miles owned by the State; and there are some 506 miles of metalled, and 254 miles of unmetalled roads.

13. The State has its own Postal Department and issues its own stamps, the total number of Raj Post Offices at the close of the year under report being 114. In addition to the Raj Post Offices, there are 82 Imperial Post Offices.

16. There are no Raj Telegraph Offices but there are 26 Government Telegraph Offices in the State. Jaipur is connected to the General Trunk Telephone System; there are already nearly two hundred telephone connections in Jaipur City.

- 17. The State has a coinage of its own called 'Jharshahi,' the coins struck being the Gold Mohur, which contains about 10½ Mashas of pure gold and is sold at present for about Rs. 32-2-2 (British coin) and, though not legal tender, circulates freely throughout Rajputana and, to a limited extent, in other parts of India; the Jharshahi Rupee weighs about 174.73 grains, its present market value being slightly higher than that of a British Indian Rupee; and small silver and copper pieces.
- 18. The Jaipur seer weighs Rs. 88 Jharshahi or Rs. 86 Kaldar and the Jaipur yard measures 361 inches.
- 19. Jaipur local time does not coincide with Standard Time, the latter being in advance of the former. The maximum and minimum variations are respectively 41‡ minutes in February and 10½ minutes in November.
 - 20. The State Official year begins on the 1st of September, and ends on the 31st of August.
- 21. The total receipts for the year 1935-36 were Rs. 1,49,36,893 including interest on investments, as compared with Rs. 1,29,13,694 in 1934-35. The total expenditure charged to revenue during the year under report was Rs. 1,30,53,774 as against Rs. 1,21,58,942 in 1934-35.
 - 22. The State pays to the British Government a tribute of Rs. 4 lakhs per annum.
- 23. Captain His Highness Sarmad-i-Rajahai Hindustan, Raj Rajendra Sri Maharaja Dhiraja Sir Sawai Man Singhji Bahadur II, G.C.I.E., who is the thirty-ninth Ruler of the Jaipur State, was born on the 21st of August, 1911, and is now in his twenty-fifth year. He is the second son of Thakur Sawai Singh of Isarda. The Isarda family, from which His late Highness Maharaja Madho Singhji was also adopted, belongs to the Rajawat sept of the Kachhwaha clan

of Rajputs. Maharaja Man Singhji was adopted by His late Highness Maharaja Madho Singhji on the 24th of March, 1921, and ascended the Gaddi on the 7th of September, 1922.

24. During His Highness' minority, the administration of the State was carried on by a Council. After studying at the Mayo College, Ajmer, and passing the Diploma Examination of the Chief's College, His Highness proceeded to England in July, 1929, to undergo a course of training at the Royal Military Academy, Woolwich. On his return to Jaipur in October, 1930, he was given a practical insight into the working of the administration, and was invested with full ruling powers by His Excellency the Viceroy on the 14th March, 1951. His Highness was appointed Honorary Lieutenant in the Indian Army on the 25th April, 1931, and was promoted to the rank of Honorary Captain on the 1st January, 1934. His Highness was created a Knight Grand Commander of the Most Eminent Order of the Indian Empire on the 3rd of June 1935. His Highness was married to the sister of H. H. Maharaja Sir Umed Singhji Bahadur of Jodhpur on the 30th January, 1924. He contracted a second marriage with the daughter of His late Highness Maharaja Sir Summer Singhji of Jodhpur on the 24th April, 1932. By the first marriage, he has a daughter, and a son and heir, born, respectively, on the 13th June, 1929 and the 22nd October, 1951. By the second marriage, he has two sons, the first of whom was born in England on the 5th May, 1935, and the second in Jaipur on the 10th December, 1935.

His Highness' Public Engagements.

- 25. The Maharaja of Jaipur has a dynastic Salute of seventeen guns and a local salute of nineteen guns.
- 26. His Highness the Maharaja Sahib Bahadur returned from England on the 6th of September, 1935. His Highness visited Delhi from the 19th to the 22nd of March, 1936, when he stayed with His Excellency the Viceroy; and again from the 13th to the 16th of April, 1936, to attend the Farewell Banquet given by the Ruling Princes to Their Excellencies the Viceroy and the Countess of Willingdon. His Highness left for Ootacamand on the 21st of April, and returned from there on the 15th of May, 1936. His Highness left Jaipur for Jodhpur on the 17th of May and flew to England from Jodhpur on the 19th idem, returning to Jaipur from England on the 23rd of August, 1936.
- 27. On the 11th of October, 1955, His Highness received an address from the Municipal Board, Jaipur, welcoming His Highness on his return from Europe and congratulating him on the conferment of the honour of the Knight Grand Commander of the Most Eminent Order of the Indian Empire. On the 12th of October, 1935, His Highness received an Address of Congratulation from the citizens of Jaipur, at a largely attended public meeting held in the Ramniwas Gardens, Jaipur.
- 28. On the 6th of November, 1935, His Highness presided over the prize-distribution ceremony of the Man Nobles' School, Goner.
- 29. On the 17th of November, 1955, His Highness was present at the opening ceremony of the Aerodrome at Sanganer performed by the Hon'ble Sir Frank Noyce, K.C.S.I., C.B.E., I.C.S., Industries and Labour Member of the Government of India.
- 50. On the 25th of February, 1936, His Highness presented new Colours to the 1st Batallion of the Jaipur Infantry; and on the 4th of March, 1936, he made a speech at the dianer held at the Infantry Lines to celebrate the presentation of the new Colours to this regiment.
- 51. On the 11th of March, 1936, His Highness delivered the following speech at the opening ceremony of the Lady Willingdon Hospital, Jaipur, performed by Her Excellency the Countess of Willingdon:—

"Your Excellency, Ladies and Gentlemen,

When we last had the honour of Her Excellency the Countess of Willingdon's presence in Jaipur some three years ago, I had the pleasure of asking her to allow her name to be associated with a new hospital which I then contemplated building to meet the ever-growing needs of my people for more up-to-date methods of medical treatment than could be provided at the Mayo Hospital. Her Excellency was gracious enough to accede to my request and thanks to this happy augury and to the inspiration thus afforded I was able to lay the foundation stone of the new Lady Willingdon Hospital in March, 1934.

Whilst the major part of the cost is being found from State revenues, I am glad to say that about 3½ lacs out of a total expenditure of some twenty lacs has been subscribed by private

individuals, and I take this opportunity of once again recording my appreciation to all those whose generosity has helped us to carry out our scheme.

While I am very happy in welcoming Her Excellency to my State to-day, I am saddened by the thought that owing to the impending departure of Their Excellencies from India, it may,—although we all hope to the contrary,—be the last occasion that we shall have her in our midst. It is for this reason that I am especially glad to think that Her Excellency's name which is already famous throughout India for her active sympathy in all matters connected with the welfare of the peoples of this country, will be permanently associated with an institution in Jaipur to alleviate the lot of the sick and suffering.

In spite of our best efforts we much regret that it has not been found possible to present the Hospital to-day in its completed form, but sufficient progress has been made to give a good idea of what may be expected when the buildings are finished. It would have been a sore disappointment to us all if Lady Willingdon had left India before performing the opening ceremony herself and this was the reason for our anticipating matters as we have done.

Before asking Her Excellency to open the new building, I should like briefly to recapitulate the advantages and new features of modern medical treatment which the Hospital will finally provide. The responsibility for the medical side of the lay-out and arrangements devolved upon Licut.-Colonel J. P. Huban, the Director of Medical Services, and these were carried out architecturally by Mr. Ryan, the State Architect, in collaboration with Mr. J. Stinton Jones. It is to these persons that the credit for the ingenuity of the construction and arrangements of the Hospital is due and I would like to express my appreciation of their efforts which have achieved such excellent results.

As a result of inspection and study of several of the modern hospitals in Europe and India, it was decided that the best type of hospital for Jaipur would be a compact, three-storeyed main building, which would bring about a decrease in the cost of maintenance, simplify nursing arrangements, provide more centralised operation theatre, X-ray and laboratory services, and less expensive and more efficient sterilisation services, disinfection and air-conditioning plants.

A feature of the general design is the exterior of the Hospital in which simplicity has been carried to an architectural maximum with a view to the avoidance of all possible ornamental details which might harbour dust, obstruct ventilation or interfere with the suitability of the building for the reception and treatment of patients.

In the X-ray Department accommodation has been provided for the most up-to-date appliances. A special Tuberculosis ward has been constructed on the top floor in which every facility will be provided for the efficient treatment of this and other allied diseases.

The cost of construction in terms of the number of beds provided might be considered rather high. But it has to be borne in mind that the building will accommodate all the administrative offices connected with the State Medical and Public Health Departments and cannot therefore be considered as unnecessarily extravagant.

We feel truly grateful to Your Excellency for the interest you have displayed in our scheme and for the great kindness you have shown in giving up so much of your valuable time to visit Jaipur to-day and perform this opening ceremony. There are, we know, many other buildings in India called after Your Excellency, but we in Jaipur feel rightly proud of our own and trust that this new Hospital when completed will not prove in any respect inferior to other institutions which have the honour to bear Your Excellency's name.

I shall now ask Your Excellency to declare open the Jaipur Lady Willingdon Hospital."

Her Excellency Lady Willingdon made the following reply:-

"YOUR HIGHNESS, LADIES AND GENTLEMEN,

I am delighted to have been able to come to Jaipur to-day in order to open this fine Hospital which you are doing me the honour of naming after me. I am most grateful to Your Highness for extending to me this invitation, which I accepted with the greatest pleasure. I have happy recollections of other occasions when His Excellency and I have been so kindly and hospitably entertained in Jaipur, and it makes me very sad to think that this may be the last time I shall be able to visit you. But I shall always be glad to remember that the institution by

which my name is commemorated in Jaipur is to be one, as Your Highness has remarked, devoted to the alleviation of sickness and suffering.

I am sure that I shall only be voicing the feelings of all of you when I say that a very deep debt of gratitude is due to all those generous subscribers and most particularly to His Highness and his Government whose munificence has made possible the erection of this splendid upto-date Hospital. I should like also to add my word of congratulation to the appreciation which His Highness has already expressed to the designers and builders of this Hospital. With its air-conditioning and all the modern and ingenious devices which have been incorporated in it to provide for the scientific and efficient treatment and the general comfort of the patients, it will almost amount to a positive inducement to come and enjoy ill health!

And now, before saying good-bye to you all, I must thank Your Highness once again for your kindness in inviting me to perform this ceremony to-day. I only wish His Excellency could have accompanied me, as I know what a pleasure it would have been to him to be here for one last visit to Jaipur. But he sent his very good wishes for the prosperity and success of this institution and wished me to bid good-bye to you all on his behalf.

I pray with all sincerity that your efforts may be crowned with success and that those who come hereafter to be treated in this Hospital may be healed of their sickness or may at least be relieved of their suffering and given a fresh lease of life and hope.

I now have the greatest pleasure in declaring open the Jaipur Lady Willingdon Hospital."

NOTABLE EVENTS.

Birth of the Third Maharaj Kumar Sahib.

32. Among the memorable events of the year under report, mention may be made of the birth, to Her Highness the Second Maharaniji Sahiba, of a second son, the Third Maharaj Kumar Sahab. This happy event took place at the Rambagh Palace at 12 noon on the 10th of December, 1935. In honour of this auspicious event, all courts, offices and educational institutions etc. were closed for 3 days, the city was electrically illuminated and the customary number of prisoners were released.

Demise of His Imperial Majesty King George V.

33. The news of the death, on the 20th of January 1936, of His Imperial Majesty King George the V, Emperor of India, was received in the Jaipur State with the deepest grief. On receipt of official intimation from the Resident at Jaipur, 101 "Minute Guns" were fired from the Nahargarh Fort on the 21st of January, 1936; all offices, courts, educational institutions etc. throughout the State were closed for three days (21st, 22nd and 23rd of January, 1936) and "Hartal" (suspension of business) and "Agta" (closing of slaughter-houses, kilns etc.) were observed on the 21st January. Flags on all State buildings were half-masted until the 29th January, 1936 (i.e. the date following that on which the Funeral was held). The Naqqar Khana of the Gobind Deoji's Temple was closed for three days (21st, 22nd and 23rd January, 1936) and Naqqar Khana, Harabangla Chowki, Mahadeoji-ka-Nautch and playing of the Band were stopped until the 29th January, 1936. "Lawazma" for ceremonies was not issued to the public until the 29th January; and the State officials and Sardars were ordered to observe "Matam" and to wear mourning dress. His Highness the Maharaja Sahib Bahadur sent a cablegram conveying to His Majesty King Edward the VIII and to the Queen Mother his sincere condolences and deep sympathy in their sad bereavement; and sent instructions to London to have a wreath placed on his behalf on the coffin of His late Majesty.

Funeral of His Late Majesty.

- 34. On receipt of information of the date of burial, a salute of 70 "Minute Guns" (corresponding to the age of the late King-Emperor) was fired from the Nahargarh Fort before sunset on the 28th January, 1936, on which date all Offices, Courts etc., throughout the State were closed; "Hartal" and "Agta" were observed; prayers were held in mosques, churches and temples and a Memorial Parade for His late Maiesty was held. His Highness the Chief Commandant personally commanded the Parade. The Naqqar Khana of Govind Deoji was stopped on the day of the funeral and all places of entertainment in the City were closed upto 6 p. m.
- 35. In accordance with His Highness' Commands, Full Court Mourning was observed until the 20th of July, 1936, and Half Mourning from the 21st of July to the 20th of October, the funeral.

 The general mourning continued upto the 28th of January, 1936, the date of

36. On the 25th of January, 1936, His Highness the Maharaja Sahib Bahadur held a Durbar in the Diwan-i-A'am to receive official intelligence from the Resident of the Accession to the Throne of His Imperial Majesty King Edward the VIII. At this Durbar, the Resident, Lieutenant-Colonel K. A. G. Evans-Gordon, delivered the following speech:—

Accession to the Throne of His Imperial Majesty King Edward the VIII.

"Your Highness,

It is my duty which I also regard as a privilege to attend this Darbar which has been especially convened by Your Highness to receive the auspicious intelligence of the accession of His Imperial Majesty King Edward VIII to the Throne of his Fathers and I am charged by the Government of India to convey this intelligence to Your Highness in the words of the following Proclamation:—

"Whereas it hath pleased Almighty God to call to His Mercy our late Sovereign Lord "King George the V of blessed and glorious memory by whose decease the Imperial Crown "of Great Britain and Ireland and all other His Late Majesty's Dominions is solely and rightfully "come to High and Mighty Prince Edward Albert Christian George Andrew Patrick David. "We the Governor-General of India and the Members of the Governor-General's Council there"fore do now hereby with one voice and consent of tongue and heart publish and proclaim "that the High and Mighty Prince Edward Albert Christian George Andrew Patrick David is "now by death of our late Sovereign of happy memory become our only lawful and rightful "Liege Lord Edward the VIII, by the Grace of God, of Great Britain and Ireland and British "Dominions beyond the seas, King Defender of the Faith, Emperor of India, to whom we do "acknowledge all faith and constant obedience with all hearty and humble affection beseeching "God by whom Kings and Queens do reign to bless the Royal Prince Edward the Eighth with "long and happy years to reign over us.

LONG LIVE THE KING"

His Majesty King Edward the Eighth being present in Council was pleased to make the following Declaration:—

"Your Royal Highnesses, My Lords and Gentlemen,

"The irreparable loss which the British Commonwealth of Nations has sustained by the "death of His Majesty My beloved Father has devolved upon me the duty of Sovereignty. I "know how much you and all My subjects with, I hope I may say, the whole world feel for Me "in My sorrow and I am confident in the affectionate sympathy which will be extended to My "dear Mother in her overpowering grief.

"When My Father stood here 26 years ago he declared that one of the objects of His life "would be to uphold constitutional Government.

"In this I am determined to follow in My Father's footsteps and to work as He did "throughout His life, for the happiness and welfare of all classes of My subjects.

"I place My reliance upon the loyalty and affection of My peoples throughout the Empire "and upon the wisdom of their Parliaments to support Me in this heavy task and I pray God "will guide Me to perform it."

His Highness made the following reply :-

"COLONEL EVANS-GORDON AND GENTLEMEN,

We have listened with feelings of sincere gratification and deep interest to the announcement that His Most Gracious Majesty King Edward VIII has been proclaimed King of Great Britain, Ireland and of the British Dominions beyond the seas, Defender of the Faith and Emperor of India. It is difficult for me to give adequate expression to my feelings and to those of my people that would be befitting to this occasion, as the demise of our beloved Sovereign King George V, which has overwhelmed us with sadness and sorrow, is still fresh in our hearts.

The news of His Majesty's death was received in Jaipur with the deepest grief and I have already conveyed to His Majesty King Edward and to the Queen Mother my message of condolence and sympathy in their sad bereavement. His late Majesty's gracious solicitude for the welfare of his Indian subjects and the kindly and generous interest which he always showed towards the Indian States will ever remain a vivid and enduring memory with us all.

We recollect with pleasure and pride the memorable visit of His Majesty King Edward to India some 14 years ago as Prince of Wales, when his genuine interest and true sympathy with the people of India gave rise to feelings of loyal and devoted attachment to the Royal House.

It will always be my sincere endeavour to follow the traditions of my Family in loyalty and devotion to the Throne and I desire on this momentous occasion to assure our new Sovereign of the deep loyalty and unswerving allegiance of myself and my people.

A long life, prosperous reign and Divine protection to His Majesty King Edward VIII is our carnest prayer."

Flags were hoisted to the mast-head at the commencement of the Darbar and a salute of 101 guns was fired from the Nahargarh Fort after His Highness' speech.

CHAPTER II.

ADMINISTRATION.

The Council of State.

43. The administration of the State is conducted by His Highness the Maharaja Sahib Bahadur, with the assistance of a Council, which is called the "Council of State" or "Mahakma Khas."

Personnel of the Council of State.

44. The Hon'ble Nawab Khan Bahadur Chowdhry Mohammad Din, Revenue Member, Council of State, retited from State service with effect from the 6th of December, 1935. During the period from the 6th of December, 1935, to the 20th of January, 1936, (both days inclusive) Lt.-Colonel Rai Bahadur Thakur Devi Singh of Chitora, Sigha Member, Revenue Department, acted as Revenue Member, in addition to his own duties. His Highness the Maharaja Sahib Bahadur having selected Khan Bahadur Mian Abdul Aziz, C.B.E., who had retired from the post of Financial Commissioner of the Punjab in January, 1936, as successor to the Hon'ble Nawab Mohammad Din, Khan Bahadur Mian Abdul Aziz assumed charge of the office of Revenue Member, Council of State, Jaipur, on the 21st of January, 1936.

45. The personnel of the Council at the close of the year 1935-36 was as follows:-

Revenue Member Kha

Sigha Member.

46. Lt.-Col. Rai Bahadur Thakur Devi Singh of Chitora continued to act as Sigha Member in the Revenue Department. As mentioned in para. 44 above, he acted as Revenue Member, Council of State, in addition to his own duties, from the 6th of December, 1935, to the 20th of January, 1936, (both days inclusive).

Distribution of work.

47. The arrangement of Portfolios and the distribution of work at the close of the year 1935-36 will be found in Appendix IV.

Committee of Sardars. 48. The function of the Committee of Sardars, which is a purely consultative body, is to advise the Council on such matters as may be referred to it, particularly those relating to the rights and privileges of Sardars. The personnel of the Committee was revised in February, 1936. The Committee now consists of:—

- (1) Thakur Devi Singh of Chomu;
- (2) Thakur Sangram Singh of Diggi;
- (3) Thakur Hari Singh of Achrole;
- (4) Thakur Kushal Singh of Geejgarh;
- (5) Thakur Bishan Singh of Bissau;
- and (6) Thakur Kalyan Singh of Khachriawas.

Thakur Hari Singh of Achrol is the convener of the Committee.

42. Lt.-Colonel K. A. G. Evans-Gordon of the Political Department assumed charge of the office of Resident at Jaiput from Lt.-Colonel L. E. Barton on the 20th of November, 1935. On the 2nd of December, 1935, Lt.-Colonel Evans-Gordon paid an official visit on His Highness the Maharaja Sahib Bahadur at the Rambagh Palace. His Highness paid a return visit at the Residency the same day. Lt.-Colonel Evans-Gordon made over charge of the Jaiput Residency to Lt.-Colonel H. M. Wightwick, Resident, Western Rajputana States, on the 4th of June, 1936. Lt.-Colonel H. M. Wightwick was relieved by Mr. F. V. Wylie C.I.E., 1.C.s., on the 8th of August, 1936.

The British Representative.

CHAPTER III.

ADMINISTRATION OF THE LAND.

LAND REVENUE.

Revenue Divisions.

- 51. For purposes of Land Revenue Administration, the State is divided into two divisions, each under a Dewan, who works under the direct control of the Revenue Member of the Council. Each division is composed of Nizamats under the charge of Nazims and the Nizamats are sub-divided into Tehsils in charge of Tehsildars.
 - 52. There are 11 Nizamats with 29 Tehsils as detailed below:-

Personnel.

53. Pandit Iswar Narain Kichlu, B.A., LL.B., continued to be Dewan of the Eastern Division and Munshi Fida Ali Khan that of the Western Division.

49. In addition to the Committee of Sardars, there is a Legislative Committee whose functions are to make such recommendation, in regard to the amendment of, or addition to, the existing laws of the State as may appear necessary, and to record an opinion on any legislative measure which is referred to the Committee by the Darbar. Consequent on the retirement from the State service of the Hon'ble Nawab Khan Bahadur Chowdhry Mohammad Din and of the grant of leave without pay for two years to Munshi Kunwar Lal Bapna, n.A., Ll.B., Khan Bahadur Mian Abdul Aziz, C.B.E., and Munshi Jagannath Prasad, n.A., Ll.B., were appointed as members of the Legislative Committee, in January, 1936, in the place of the two officers above mentioned. The personnel of the Legislative Committee at the end of the year 1935-36 was as follows:

Legislative Committee.

Chairman .. Rai Bahadur Pandit Amar Nath Atal, M.A.

Members .. Rai Bahadur Pandit Seetla Prasad Bajpayi, C.I.E.

Khan Bahadur Mian Abdul Aziz, C.B.E.

General Remarks

61. Owing to rainfall being heavy in some parts and late in others, the Kharif crop suffered to a certain extent. Prices of agricultural produce continued to be low and economic conditions in the rural area were not satisfactory. Remissions amounting to Rs. 4,789 were granted in Khalsa villages paying cash rent. A meeting of Revenue Officers of the State was held at Jaipur in April 1936 and important measures relating to rural reconstruction were initiated. The success which has attended these measures will be dealt with in the Report for the following year. Considering the total area of the State, the area under actual cultivation is far from satisfactory, a vast portion of culturable land remaining fallow. Special efforts are being made to bring some of these areas under the plough.

IMPORTANT SUCCESSION CASES.

62. The following succession cases were decided during the year:-

Name of Thikana in which succes- sion took place.	Name of deceased Jagirdar.	Name of successor whose succession sanctioned.	Relationship of successor to the deceased.	Estimated income of the Jagir.
				Rs.
Shahar	Anoop Singh	Jaswant Singh	Adopted son	25,000
Ladana	Kalyan Singh	Shoodan Singh	Real son	17,917

Deorawas	Bijai Singh	Sheo Pratap Singh	Real son	9,160

AGRICULTURE.

- 63. Pandit K. R. Joshi, L. Ag., continued to be Agricultural Officer of the State.
- 64. Experiments were continued at the Basi Agricultural Demonstration Farm and notable results were obtained in respect of different crops specially in the case of wheat and cotton. A varietal trial of three Punjab wheats, namely 9 D, C. 518 and C. 591 was carried out in different places. These varieties were found to be superior to the *desi* wheat and it has been decided to introduce them in the State. Wheat No. C. 591 has the additional qualification of being rust-resistant. In the varietal trial of cotton, No. C. 520 proved superior to the *desi* variety, both in yield and ginning percentage.
- 65. The work of distributing ground-nut seed was extended to the tehsils of Amber, Lalsot and Dausa. Cultivation of ground-nut is now gaining a foot-hold in the Gangapur, Wazirpur and Hindaun tehsils. The shelling plant set up in the preceding year continued its work. It shelled 12,336 maunds of the nut as against 4,300 in 1934-35.
- 66. Sales of improved seeds during the year are compared below with those of the preceding year:—

54. The strength of the staff of the department was the same as in the preceding year, Establishment, namely:—

- 2 Dewans
- 2 Naib Dewans
- 11 Nazims
- 29 Tehsildars
- 31 Naib Tehsildars.

The two temporary Tehsildars and the three temporary Naib Tehsildars who were employed in 1934-35 in Shekhawati and Gangapur Nizamats continued to work during the greater part of the year under report. A Nazim was placed on special duty for the inspection of Tehsils. These inspections have proved very useful and office work in Tehsils is now more carefully attended to.

55. Of the total area of 16,682 sq. miles of the State, Khalsa area was, according to the latest survey, 3,202 sq. miles at the end of the year. The latter figure does not include the area of 7 villages, out of 15 villages resumed in the preceding year and of 8 villages escheated during the year under report, as they have not so far been surveyed.

Khalsa Area.

56. The escheat of 8 villages raised the total number of Khalsa villages from 2,109 in 1914-35 to 2,117 during the year as below:—

SURVEY AND SETTLEMENT.

- 73. Pandit Pashupati Nath Kaul continued to hold the office of Settlement Officer and B. Chhail Behari Lal, B.A., that of Superintendent, Land Records.
- 74. In 376 Khalsa villages of the four Tehsils of Chaksu, Sambhar, Amber and Torawati cash rents were introduced and progress in this direction is being made in the other Tehsils also of the Western Revenue Division.
- 75. About 1,017 cases relating to external and internal boundary disputes and rent-free holdings were disposed of during the year. B. Chhail Behari Lal, Superintendent, Land Records, was specially deputed to attend to internal boundary disputes.
- 76. Survey of the towns of Bandikui, Dausa and Gangapur was undertaken and completed during the year.
- 77. The number of students in the Patwar School at Jaipur was 108; 62 students appeared at the annual examination, of whom 34 were declared successful by the Examination Committee.
 - 78. Forty local candidates were given training in Settlement work.
- 79. The annual Land Records papers were inspected in all the tehsils, and nine resumed and other villages were surveyed by the Land Records Staff, which at the end of the year consisted of:—

Sadar Qanungos	• •	••	• •	• •	2

- 80. Revision of the settlement of Sambhar Shamlat Area was taken up during the year, by the end of which the work of map and record correction was completed.
- 81. The expenditure of the Settlement Department during the year amounted to Rs. 38,831, the total cost of settlement operations, since their initiation thirteen years ago, aggregating Rs. 18,57,362.
- 82. An important feature of the year was the commencement of Survey operations in the Panchpana villages in Shekhawati, at the cost of the Thikanas concerned. Out of 370 villages under Survey and Settlement, work was completed in 122 by the end of the year, at a total cost of about Rs. 35,000.

SAMBHAR SHAMLAT.

- 83. The Sambhar Shamlat Area, comprising the town of Sambhar and 12 hamlets, is the joint property of the Jaipur and the Jodhpur States. Its administration is conducted by a body, known as the Sambhar Shamlat Board, which consists of one Member from Jaipur and one from Jodhpur. Pandit Mulchand Tiwary, B.A., LL.B., Puisne Judge of the Chief Court of Jaipur and Mehta Ranjit Mal, B.A., LL.B., Puisne Judge of the Chief Court of Jodhpur were appointed in November, 1934, and in January, 1935, respectively, to represent the Jaipur and the Jodhpur Governments on the Board.
- 84. Under the scheme for the administration of the Shamlat Area introduced in 1925, the Controlling Officer, the Executive Officer and the Police Officer of the area are appointed alternately from the Jaipur and the Jodhpur services every three years. During the year under report the Controlling Officer was from Jodhpur and the Executive and the Police Officers were from Jaipur.
- 85. An hospital in charge of an Assistant Surgeon, an Anglo-Vernacular Middle School and two Lower Primary Schools are maintained by the Shamlat Administration and a Primary school for girls is run by the Sambhar Municipality.
 - 86. The receipts and expenditure of the Area are abstracted in the subjoined table:-

A quantity of Jamnagar Bajra was also distributed for cultivation and the results obtained prove that this variety gives twice the yield of the local variety. About 97 different kinds of implements of improved type were sold and given on hire.

- 67. A vehicle equipped with improved seeds, implements and lantern slides on agricultural subjects was taken along the Ajmer, Paota and Newai roads. During its itinerary, 33 villages were visited and the demonstrations given were attended to by about 11,000 agriculturists, who were much interested in what was shown to them.
- 68. Four Zamindars admitted in the preceding year left the Farm after receiving necessary training. The scheme for the training of Zamindars, sanctioned towards the end of the preceding year, commenced functioning during the year. Twenty-two Zamindars—19 from Khalsa areas and 3 from Thikanas, were admitted to the Zamindari school, all of whom were under training at the close of the year.
- 69. Side boring was done in 14 wells round about Basi and the supply of water in those wells increased considerably.
- 70. The breeding of Murra buffaloes and Malvi cows was continued at the Farm. On the 1st September, 1955, the herd consisted of 152 heads of cattle. During the year there were 38 births, 26 sales, 17 deaths, 1 transfer and 1 purchase, leaving 127 cattle at the close of the year, namely 40 of the Murra breed and 87 of the Malvi breed. 4 Malvi bulls, which were available for disposal, were readily sold.
- 71. Castration by the bloodless method of Dr. Burdizzo was continued. Castrators were appointed during the year for the Tehsils of Ghonsla, Mahwa, Sikrai and Nadoti, and these along with men working in the tehsils of Sawai-Jaipur, Dausa, Jamwa-Ramgarh and Nizamat Kot Qasim, castrated about 5,000 animals during the year.

maintentance of the Head and the Assistant Superintendents' offices and the pay of the Travelling Auditor and his staff. The pay of the Superintendent is met from State Revenues. The Khetri Thekana contributes Rs. 5,217 towards supervision charges. For local management by Kamdars, the percentage is not to exceed 7½ per cent of the current income of each estate. The particular needs of the heavily indebted Thikana of Dhula, however, necesticated this percentage being raised to 8½, a corresponding reduction being simultaneously made in supervision charges.

93. The cost of supervision and management was in the aggregate 11.67 per cent of current income as against 12.19 per cent in the preceding year.

CHAPTER IV.

JUDICIAL.

Judicial System.

108. The administration of Civil and Criminal justice is guided generally by the spirit of the law in force in British India. The Council of State is the highest tribunal. Appeals lie to the Council from decrees or final orders passed by the Chief Court in exercise of its appellate or original civil jurisdiction when (1) the amount or value of the subject-matter of the suit in the court of first instance and the amount or value of the subject-matter in dispute on appeal to the Council exceeds Rs. 10,000 or (2) the decree or final order involves some claim or question to property of like amount or value. References lie to the Council when the decree or final order has been passed by a full bench of the Chief Court constituted by all the Judges of the Court, and such Judges are equally divided in their opinion. On the Criminal side, the orders of acquittal or conviction passed by the Chief Court are final but all sentences for capital punishment or imprisonment for life are subject to confirmation by the Council. Capital sentence, it may be noted, is not now inflicted in the State.

charge of all small Thikanas lying within it. The cost of the Girdawars is included in the Court of Wards establishment budget; the Thikanas do not contribute towards supervision charges but only pay for the necessary number of Shahnas engaged.

101. The work done during the year resulted in a steady improvement in the conditions prevailing in the various Thikanas and among their tenantry. Every endeavour was made to improve the lot of the tenants by the issue of better varieties of seeds notably the Punjab wheat and the Jamnagar Bajra.

KHETRI THIKANA.

- 102. On return from Europe on the 10th October, 1935, Raja Sardar Singh joined the Mayo College the following day. His examination results were very satisfactory, he having stood first in the examination of the Post Diploma Course. In May, 1936, he proceeded to Kashmir for a stay of five months. He was accompanied there by Mr. Ede, a Professor of the Mayo College, who was engaged as his companion for two months, on the expiration of which Mr. G. A. Carroll, Manager of the Thikana, who also went there for his recess, took over charge.
- 103. A total sum of Rs. 1,49,012 was spent on Public Works as compared with Rs. 1,53,441 in the preceding year.
- 104. The receipts and expenditure of the year are compared below with those of the preceding year:—

lines and such agreements have so far been concluded with the States of Alwar, Bikaner, Bundi, Jodhpur, Karauli, Kishengarh, Kotah, Tonk, Bharatpur, Jhalawar, Bhopal and Dholpur. Negotiations for the conclusion of a formal Extradition Treaty with the Indore State did not prove successful. In practice, however, reciprocity in extradition, on the basis of sufficient prima facie evidence, exists between the Jaipur and the Indore States. The negotiations for the conclusion of an Extradition agreement with the Patiala State are still in progress.

- 118. The Sambhar Shamlat Area, which is the joint property of the Jaipur and the Jodhpur States, is administered by a body known as Sambhar Shamlat Board, consisting of one Member from Jaipur and one from Jodhpur. The jurisdiction to demand or to grant extradition is exercised in this area by the Jaipur and the Jodhpur Governments through the Departments dealing with matters relating to extradition within their respective territories. The period during which each Government control extradition within the area coincides with the term of the office of the States' nominee to the post of Executive Officer of the area, the authorities to whom the States delegate their jurisdiction communicating direct with the Executive Officer.
- 119. Agreements for the reciprocal surrender of deserters from the State Military Forces have been entered into with the Dharangadhara, Dungarpur, Idar, Malerokotla, Sirmur and Dhar States.
- 120. Details of the extradition cases dealt with during the year are given in Appendix XX. The Jaipur Government asked for extradition in 121 cases, in 59 of which it was granted. In 246 cases extradition was demanded from the Darbar, in 181 of which it was given.

110. The year witnessed no change in the personnel of the Chief Court or in that of the subordinate judiciary, Rai Bahadur Pandit Seetla Prasad Bajpai, c.t.r., continuing to hold the office of Chief Justice.

Personnel.

111. The number of civil original suits rose in Institution from 12,410 in 1934-35 to 12,575 during the year. Nearly 85 per cent of the newly instituted suits were simple money suits. The realizations in execution of decrees declined by Rs. 20,356 from Rs. 6,00,617 to Rs. 5,80,261.

Civil Work.

112. The number of criminal cases rose in institution from 10,387 to 10,438. The rise is chiefly due to a larger number of cases challaned by the Police.

Criminal Work.

113. The enactments and rules in force in the State at the end of the year are exhibited in Legislation. Appendix XIX.

REGISTRATION.

114. The work done by the Registration Department during the year is compared below with that performed during the preceding year:—

				1934-35	1935-36
Number of documents registered		••	2,286	2,318	
				Rs.	Rs.

Expenditure	••	••	••	2,519	2,446
Net receipts	••	••		34,743	38,932

115. It will be observed that there was an increase in the number of documents registered as well as in the total income, the net receipts of the department being better than those of the preceding year by Rs. 4,189.

EXTRADITION,

- 116. The Treaty made with the British Government in 1868 regulates the extradition of offenders between the Jaipur State and British districts in respect of certain heinous offences specified therein. Accused persons are, however, now exchanged on the basis of reciprocity for other offences also. A reciprocal arrangement has also been made with the British authorities for the surrender of recovered stolen property, where extradition of the offender is not demanded.
- 117. Since 1873, Extradition Agreements for the mutual surrender of offenders have, from time to time, been concluded with the States of Bharatpur, Bikaner, Jhind, Loharu, Nabha, Pati ila and Udaipur. Extradition with the Gwalior State is regulated under the Henry-Wyllie Rules. These arrangements have not proved altogether satisfactory under present conditions. Proposals were, therefore, made to various States for the revision of the agreements on modern

Jaipur Transport Corps. Vide Ap. XXIII. 125. The Jaipur Transport Corps was raised in 1889. The strength of the unit, which was commanded by Major Thakur Hukam Singh Bahadur, O.B.I., I.D.S.M., was 283 officers and men with 191 carts and 424 animals, as compared with 290, 191 and 429, respectively, during the preceding year. The Corps was on active service in Chitral in 1895, on the North-West Frontier in 1895-98, in Mesopotamia during the Great War of 1914-19, and in the Afghan War of 1919.

Sawai Man Guards. Vide Ap. XXIV. 126. His Highness' Infantry Body Guard has been designated the Sawai Man Guards. It was raised on the 1st September, 1932, by His Highness the Maharaja Sahib Bahadur, who is its Colonel-Commandant. Its strength was raised from 384 officers and men in 1934-35 to 524 during the year. Besides one officer, who was attached to the 3rd Battalion Grenadiers Guards in London, one officer and eight non-commissioned officers and men were deputed to receive training in various courses at different centres and with different Regiments in British India.

2nd Jaipur Infantry. Vide Ap. XXV.

127. Major Lakhi Ram Bahadur, M.C., M.V.O., I.D.S.M., continued to command the 2nd Jaipur Infantry, which was raised on the 1st September, 1932. Its strength was the same as in the preceding year, viz. 323 officers and men. The battalion was inspected by the Military Adviser-in-Chief, Indian State Forces, and the Military and the Assistant Military Advisers, Rajputana States Forces.

Artillery. Vide Ap. XXVI. 128. The Artillery, is used for saluting purposes only. It has 35 muzzle-loading guns drawn by bullocks. Its strength was 138 officers and men as against 142 in the preceding year. Twenty pairs of bullocks are maintained to draw the guns.

Lansdowne Military Hospital. Vide Ap. XXVII. 129. The Lansdowne Military Hospital, which is the central institution for the administration of medical relief to all the units of the State Forces is in the immediate charge of a Commissioned Medical Officer, who works under the general supervision of the Director of Medical Services of the State. Its superior staff consists of two State Officers and two Indian Officers. Six hundred and eighty-nine indoor and 31,829 outdoor patients (including civil outdoor patients) were treated and 309 operations were performed. The total expenditure of the institution amounted to Rs. 23,080.

POLICE.

Personnel.

130. Mr. F. S. Young, C.I.E., and Rai Bahadur Lala Dewan Chand continued to be Inspector General and Deputy-Inspector General of Police, respectively.

Strength.
I de Ap XXVIII.

131. One Traffic Inspector, seven Head Constables, twenty-eight foot-constables and one clerk were added to the Police Force, which raised its total sanctioned strength from 2,561 officers and men in 1934-35 to 2,598 during the year, as detailed below:—

CHAPTER V.

PROTECTION.

MILITARY.

121. His Highness the Maharaja Sahib Bahadur is the Chief Commandant of the Jaipur State Forces, which were re-organised in 1931-32 and formed into a Corps entitled "The Jaipur Corps." The Chief Commandant is the supreme executive authority in military affairs, which he administers with the assistance of his Chief Staff Officer. Colonel G. Craster, C. D. E., D. S. O., held the post of Chief Staff Officer until his retirement on the 31st October, 1933, when His Highness the Chief Commandant himself took over charge of the Chief Staff Office. Colonel Thakur Amar Singh of Kanota held the office of Commander of the Jaipur Corps till the 31st March, 1936, when he proceeded on 90 days privilege leave preparatory to retirement. The post of Corps Commander was abolished with effect from the 30th June, 1936.

Constitution.

122. The subjoined table exhibits the different classes of the units of the corps and the expenditure of each during the year as compared with that during the preceding year:—

123. The Jaipur Lancers, which was raised on the 1st December, 1923, was commanded by Colonel Thakur Amar Singh of Kanota until the 31st March, 1936, when he retired and was succeeded by Lt. Colonel C. O. B. Daunt, M.C. The strength of officers and men and of horses of the unit decreased from 333 and 333 in 1934-35 to 328 and 323, respectively, during the year. The Regiment was in Camp at Chandlai from the 16th November to the 10th December, 1935. One State Officer, two Indian Officers and eight other ranks were deputed for training in different courses of instruction.

Jaipur Lancers.
Vide Ap. XXI.

124. The Infantry was raised on the 1st of December, 1925. Lt. Colonel Bhim Singh Thapa, M.C., 1.0.M., commanded the unit throughout the year. Its strength was 775 officers and men as against 772 in the preceding year. The battalion was inspected by the Military Adviser-in-Chief, Indian State Forces, in March 1936, and by the Military Adviser, Rajputana State Forces, in May and June 1936. Eight State Officers, 4 Indian Officers and 14 other ranks were sent to undergo training in various courses during the year.

these were convicted and sentenced to various terms of imprisonment, the Thakur being sentenced to pay a fine of Rs. 500 or in default to undergo six weeks' imprisonment.

Percentage of Convictions.

138. From the following table it will be seen that there has been a steady improvement in the percentage of convictions, due to the special attention now paid to prosecution work, by having a full time Prosecuting Superintendent working under the special supervision of the Deputy Inspector General:—

	Percentage of cases convicted to true cases reported	Percentage of cases convicted to tried	Percentage of persons convicted to persons tried
1933-34	22	57	58
1934-35	24	64	56
1935-36	33	74	67

Property stolen and recovered.

139. The statistics of property stolen and recovered are compared below with those of the preceding year:—

	Number of cases in which property was stolen	Number of cases in which pro- perty was recovered	Percentage of cases in which property was recovered to cases in which property was stolen	Amount of property stolen	Amount of	Percentage of value of property re- covered to value of property stolen

1935-36	1,552	695	45	1,86,576	54,870	30	

Gambling.

140. Of the 14 cases registered under the Gambling Act, 11 ended in conviction and one in acquittal, the remaining two being under trial at the end of the year.

Criminal Tribes.

141. The total number of registered members of Criminal Tribes was 13,293 as compared with 13,328 during the preceding year, as detailed below:—

1935-36	1934-35						
12,570	12,636	• •		••		Minas	Chaukidar

13,293	13,328	••	Total				

142. The policy initiated about three years ago of encouraging deserving Minas by the issue of passes exempting them from presence at the roll-call has, on the whole, proved a success. In few cases the leniency was found to have been abused.

Sansi Settlement at Dhibru. 143. A settlement for Sansis was established during the year at Dhibru in Tehsil Toda-Rai Singh. Thirty-eight Sansis with their families have so far joined the settlement, which is in charge of an Inspector of Police. 1,200 bighas of land have been placed at the disposal of the settlement for cultivation. A Taqavi grant of Rs. 5,700 was sanctioned by the State, out of which bullocks and agricultural implements have been purchased for the settlers, whose fields have been connected to the Todi-Sagar Canal for purposes of irrigation. The settlers are given every possible facility to earn an honest livelihood.

Finger Prints.

144. The number of slips sent for record to the Finger Print Bureau at Mount Abu was 1,042 as against 1,963 in the preceding year. In order to improve the efficiency of the Finger Print Branch, it is proposed to train a sufficient number of Head Constables at the Finger Print Bureau at Ajmer. The first batch deputed for the purpose during the year consisted of three Head Constables.

133. Punishments awarded during the year and in 1934-33 are compared below:-

135. Crime continued to decline, the total number of true cognizable cases of all kinds dealt with by the Police being 2,843 as compared with 3,134 in the preceding year, showing a decrease of 291 cases. Serious crime also decreased as is shown by the following figures:—

- 136. Shekhawati was singularly free from dacoity and robbery during the year, which reflects credit on the police staff working in that district.
 - 137. The following cases need special mention:-
- (1) Sankatra Riot-Owing to the ever-increasing demand for land revenue made by the Jagitdar of Sankotra, the tenants of the village decided to leave their holdings and settle down in a Khalsa village. Mina Kalu Patel was the leader of the movement for migration and the Jagirdar-Thakur Fatch Singh wished to effect his arrest. With this object in view, the Thakur with a party of his servants, armed with guns, swords and lathis raided on the 15th June, 1936, the house of a Mina, wherein Kalu was reported to be sleeping. One of the Thakur's men entered the house and wounded Ram Kumar Mina, who was sleeping on a cot, with a sword, mistaking him for Kalu. This led to the assembly of the Minas of the village, who rallied to the aid of their brethren. To scare them away, the Thakur fired three shots. Birdha Mina, the younger brother of Kalu, was taken by the Thakur's men to the Gath, where he was beaten. On the incident being reported at the Jamwa-Ramgath Police Station by Ram Kumar and Birdha Minas, the Police took up the case. 15 persons, including Thakur Fatch Singh were sent up for trial by a Special Tribunal appointed to try the case. Of the 15 accused, nine including the Thakur were convicted and sentenced to various terms of imprisonment and fine. The sentence inflicted on the Thakur was a fine of Rs. 100, or, in default, two weeks' imprisonment.
 - (2) Bignum Rief—Whilst on tour towards Bagwara on the 29th March, 1936, Thakur Bhairon Singh, Superintendent of Forests, arrested 4 men of Bagwara Thikana for the offence of cutting young trees within the limits of the State Forest. He was attacked by about 15 employees of the Thikana, who attempted to rescue the arrested persons. A fraces ensued, during which the attacking party succeeded in tescuing one of the four. Thakur Ranjit Singh of Bagwara was also involved in the case. He and 15 of his men were protecuted. 9 of

Incidence of consumption and taxation.

Country Liquor.

186. The contract for the exclusive supply of country liquor is held by the Amritsar Distillery Company since the 1st September, 1930. The supply rate per London proof of Gur-liquor, which was Rs. 2–6–0 in 1930-31 was gradually reduced to Rs. 1–4–0 on the 1st September, 1935, on which date the contract was renewed to the same company for a further period of two years.

187. The system of disposal by auction of the right of retail vend remained in force throughout the State except in the outlying Nizamat of Kot Kasim which continued to remain under the outstill system, under which the right of manufacture and sale is farmed to one man.

188. There was no change in the rates of still-head duty which were as follows:-

190. Despite the decrease in the number of shops from 297 in 1934-35 to 293 during the year, the total consumption increased from 41,697 to 44,670 London proof gallons. The rise is evidently attributable to close check exercised on smuggling and illicit distillation.

Foreign Liquor.

191. Eight licenses for the sale of foreign liquor were issued during the year, as compared with seven in 1934-35.

180. The working of the Department continued to be very satisfactory, the receipts having risen by Rs. 4,33,682 from Rs. 10,91,842 in 1931-32 to Rs. 13,23,524 during the year under report. The expenditure during the corresponding period increased by Rs. 54,493 only, from Rs. 1,52,522 in 1931-32 to Rs. 1,86,815 in 1935-36.

181. Consequent on high rates prevailing in the outside markets, cotton and wool were exported in larger quantities. Wider publication of notices of cattle fairs held in the State and reduction in the export duty on sheep and goats had the effect of increasing the sale and export of these enimals.

of these animals.

182. Three new Customs outposts were established at Banthal in Toda Raisingh Grele, Sikandra in Dausa Circle and Ismailpura in Bairath Circle and the outpost of the Railway Out-Agency in the Ramganj Bazar in Jaipur city was abolished, raising the total number of outposts

STAMPS.

- 204. Court-fee and Revenue Stamps are printed under the orders of the Finance Member of the Council and the work connected with their custody and sale is done in the Sadar Treasury, Jaipur.
- 205. The sale proceeds of Court-fee Stamps increased by Rs. 17,053 from Rs. 3,26,314 in 1934-35 to Rs. 3,43,367 during the year, but those of Revenue Stamps decreased by Rs. 2,213 from Rs. 54,937 to Rs. 52,724.

RAJ POSTAL DEPARTMENT.

- 206. The Jaipur State has a Postal Service of its own functioning within its territory, and issues its own postage stamps. There is no interchange of mails etc. between the Imperial and State Post Offices.
- 207. Formerly postal work in the Mofussil used to be done by Khabar Navises (Newswriters) of the Khabar Department in addition to their own duties. During the year the Postal Department was entirely separated from Khabar Department, and it was re-organised and placed in charge of a full-time Superintendent in the person of Rai Sahib Munshi Kishen Dayal Singh, a retired Superintendent of the Indian Posts & Telegraphs Department, who took over charge of his duties on the 1st March, 1936.
- 208. Letters and parcels of the State Departments and Offices used to be carried free formerly; since November, 1928, postage at prescribed rates is levied on them.
- 209. There is a Central Post Office at Jaipur City. In the district, there were 113 branch offices at the end of the year, located at the headquarters of Nizamats and Tehsils and in important villages in the Khalsa and Jagir areas.
- 210. The income of the department aggregated Rs. 68,821 as compared with Rs. 62,286 in 1934-35 as detailed below:—

192. Poppy is not cultivated in the State. The right of supplying opium to the State for	1

CHAPTER VII.

PUBLIC WORKS.

PUBLIC WORKS DEPARTMENT.

Personnel.

212. The department remained in charge of Mr. P. L. Bowers, C.I.E., M.C., I.S.E. (Retd.). In May, 1936, he proceeded on leave for four months and a half when Mr. L. M. Baines, Executive Engineer, Irrigation, officiated for him. Mr. C. J. Parker was appointed State Architect with effect from the 19th June, 1936, vice Mr. B. J. Ryan, M.C., O.B.E., whose services were terminated. Mr. N. G. Bhattacharyya was appointed Executive Engineer, Roads and Buildings with effect from the 14th June, 1936. Mr. G. D. Kundaji relieved Mr. Ryan of the Hospital Division on the 21st May, 1936. Mr. H. E. M. Fawcett was in charge of the Electrical Department till the 9th February, 1936, when he was relieved by Mr. J. D. Addison.

Expenditure.

213. The expenditure of the departments under the control of the State Engineer during the year is compared below with that of the preceding year:—

						1934-35	1935-36

				Total		33,11,766	46,26,291

Buildings.

214. A number of important works were carried out during the year. Additions and alterations were made in the Rambagh Palace and a block for A. D. Cs was constructed. Five new bungalows for State officials were built. The main building of the Lady Willingdon Hospital was completed, as also the buildings of the Aerodrome at Sanganer. The opening ceremony of the Aerodrome was performed on the 17th November, 1935, by the Hon'ble Sir Frank Noyce, K.C.S.I., Member for Industries and Labour of the Government of India. The work of construction of the barracks for the Sawai Man Guards was in progress.

Communications.

215. Resurfacing and tarring was done on the Khatipura Road near Jaipur city, and many roads in and near the city were metalled and treated with tar. The road from Bairath upto the border of the Alwar State and the road from Pataunda Railway station to Mahabirji's temple were completed.

Irrigation.

216. The rainfall at Jaipur was below the average but it was fairly good in the district. The area under irrigation decreased from 1,11,388 bighas in 1934-35 to 98,577 during the year,

				1934-35	1933-36

	Total			62,286	68,821

The expenditure amounted to Rs. 43,926 as against Rs. 40,562 in the preceding year, the net receipts of the department being Rs. 24,895 as against Rs. 21,724 in 1934-35.

211. To give more facility to the public for posting their correspondence, 32 new letter-boxes were put up, raising their total number from 149 at the beginning of the year to 181 at its end. Better arrangements were also introduced for clearance of letter-boxes at the capital as well as in the district.

tion by experts in Bombay, to be true cotton cloth. Another interesting fact that emerges from these excavations is a definite confirmation of the view that the Buddha image was not evolved until about the 2nd century A. D. Nor does there now remain any doubt as to Bijak-ki-Pahari having been the very place whence the Asoka edict, until recently known as the Bhabru edict, was removed in 1840. The Director has, however, found no evidence in support of M. Renaud's identification of Bairat with the Po-le-ye-to-lo of Hinen Tsang. A small valley on the south side of the scene of excavations, was presumably occupied in the pre-historic period. A few of the rough boulder built platforms in this valley were explored and yielded chert flakes and cores similar to those found in the Indus Valley sites.

- 225. Some trial excavations carried out at Chatsu revealed the fact that the stone wall which surrounds a part of the main town went right round it. A temple of about the 11th century A. D., outside the walled town, was brought to light for the first time.
- 226. The only works of conservation taken in hand during the year were the cleatance of jungle from, and levelling up of the grounds around, the beautiful cenotaphs of the past rulers of Jaipur situated outside the town of Amber and the clearance of debris from around a temple known as Kalyan Raiji-ka-Mandir at the same place. An inscription brought to light on this temple shows that it was built during the time of Raja Bhagavata Dasa during the reign of Akbar.
- 227. Some 40 inscriptions were copied and deciphered. Many of them pertain to the reign of the rulers of the Jaipur State. About 160 photographs of antiquities, recovered by excavation, and of other monuments, were taken.
 - 228. The total expenditure of the department amounted to Rs. 17,833.

JAIPUR STATE RAILWAY.

Different Sections of the Railway.

229. The Jaipur State Railway, which has been constructed on the metre-guage of 3 feet, 3½ inches has a total length of 181·11 miles. Its different sections were opened between the years 1905 and 1924, as detailed below:—

Transfer of its
Management from
B. B. & C. I.
Railway to the
State.
Recruitment of
Superior Staff.

- 230. Upto the 31st March, 1936, the Railway was worked by the B. B. & C. I. Railway Company under an Agreement. After giving one year's notice to the Company, the agreement was terminated on the 1st April, 1936, when the management was taken over by the State.
- 231. Superior staff consisting of the following officers had to be appointed earlier, on the dates mentioned, in order to conduct negotiations with the B. B. & C. I. Railway in connection with the transfer and to make necessary preliminary arrangements for the working of the Railway:—
 - (1) Mr. S. D. Gupta, M.B.E., M.A., lately Chief Accounts Officer of the Eastern Bengal Railway, appointed Agent on the 19th September, 1935.

the revenue realisations falling, in consequence, from Rs. 5,55,229 to Rs. 3,85,621. The expenditure of the department was Rs. 6,59,123 as against Rs. 6,18,867 during the preceding year.

- 217. Chaperwara North Canal, Torri Sagar Canal, Ramgath Canal and Moran Sagar Canal were remodelled. Tanks at Khandar and Surwal, a canal from Galai Sagar and a Bund at Chorara were constructed.
- 218. The demand for private connections from the Rangath Water Works continued to be heavy, it having increased from 307 to 744 during the year. The number of public stand posts was the same as in the preceding year viz. 298. The average amount of water pumped per day rose from 11,96,141 gallons in 1954-35 to 12,37,076 gallons during the year, as also the revenue realised from Rs. 41,835 to Rs. 60,944.

219. An outfall drain from Moti Katla to Rajamul's Talab and intramural branch drains in Purani Basti were the more important works completed during the year. The total cost on drainage works aggregated Rs. 63,338 as against Rs. 94,309 in 1934-35.

220. Certain improvements were introduced in the working of the department, with the result that the running cost of the Power House was reduced and savings were effected in the cost of transmission and of distribution of energy.

- 221. There has been an increase in the number of consumers—the total number being over 3,500. The gross revenue realised amounted to Rs. 4,18,000 as compared with Rs. 3,56,167 in 1934-35.
- 222. A High Tension line was taken to the Sanganer Aerodrome and Distribution lines were erected in the new Town Planning Area outside the Aimer gate. A good deal of wiring work was done in Rambagh Palace, the Lady Willingdon Hospital, the Man Guards barracks, the City Palace and the new bungalows.

ARCHAEOLOGY AND HISTORICAL RESEARCH DEPARTMENT.

- 223. The Archaeological Department was started as a temporary measure in November, 1935, with Rai Bahadur Daya Ram Sahni, C.L.E., M.A., late Director General of Archaeology in India, as its Director. The duties of this officer consist in the exploration of ancient mounds and buried city sites in the State, the listing, repair and conservation of monuments of architectural and historical interest and the collecting and decipherment of old inscriptions and other records relating to the history of the State.
- 224. The principal task of excavation, undertaken by this officer, at the suggestion of Rai Bahadur Pandit Amar Nath Atal, Finance Member, Council of State, was the exploration of an ancient site at Bairat, well known as the capital of Virata of the Mahabharata fame in whose court the five Pandava heroes and their spouse, Draupadi, passed incognito the thirteenth year of their exile. Bairat was one of the well known mint-towns during the reigns of Akbar and his successors and there is no doubt that numerous antiquities including architectural remains lie buried in the lofty mound on which the present town stands. The ancient remains explored at Bairat during the year under report are situated on the top of a low hill known as Bijak-ki-Pahari. The operations revealed a most interesting Asoka temple, circular on plan, which like the well known rock-hown Chaitya at Junnar, originally contained a stupa. This stupa had been cut away by an unknown explorer about a hundred years ago but if the tradition about the discovery by him, of a golden easket, is correct, this antiquity must have been enshrined in this very stupa. Fragments of an Asokan stone umbrella and a stone bowl in the same technique which were brought to light in and around the temple also belonged to the same stupa. Numerous fragments of two Asoka pillars characterized by the usual lustrous polish were also found on the lower terrace. This discovery increases the number of known Asolia pillars to 16. The upper terrace supported a Vihara or monastery for the residence of Buildhist monks and nuns. This monastery differs in its arrangement from those in other sites. In the east wall of this monastery was found a small pottery jar enclosing 36 well preserved silver coins, 8 of the punch-marked variety and 28 of Greek and Indo-Greek kings. The earliest Greek king represented in this group is Heliokles (circa 140 p. C.) and the latest Hermaios (circa 20-45 A. D.) This discovery attests the circulation of punch-marked coins down to the 1st century A. D. and the fact that part of Rajputana was under the influence of Greek rule during that period. A small piece of cloth, in which the punch-marked coins had been wrapped is found, on examina-

Ticket Printing.

242. Two Ticket Printing Presses were ordered from England. They were received towards the end of the year and were in process of installation. Passenger-tickets required during the year were obtained from the B. B. & C. I. Railway.

Buildings.

243. In the absence of suitable state buildings, a private house was rented for the head-quarters offices. A site for office buildings has been selected and plans and estimates are under consideration. Construction of bungalows for the superior officers was in progress and other necessary works were undertaken.

Rules.

244. Under the new management, the State Railway became an independent organisation and separate sets of rules in connection with various matters affecting its staff were framed.

Accidents.

245. No serious accidents occurred during the year.

Capital cost.

246. On the 1st April, 1936, when the management was taken over by the State, the capital expenditure of the Railway stood at Rs. 76,62,000. Further capital expenditure actually incurred during the year amounted to Rs. 6,94,000.

Preliminary expenses.

247. Preliminary expenses incurred in making arrangements for taking over the working of the railway amounted to Rs. 22,533.

Earnings.

248. The net earnings of the Railway during the last five years of its management by the Company are tabulated below:—

	Year.			Net earnings.
				Rs.
Ending	31st Marcl	n, 1932		4,37,544

NAGDA-MUTTRA RAILWAY.

250. The Dathar have contributed Rs. 85 lakhs towards the construction of the portion of the Nagda-Muttra Railway passing through their territory. The State's share in net earnings of the Railway was Rs. 6,72,710 during the year ending on the 31st March, 1936, as compared with Rs. 6,76,701 during the year ending on the 31st March, 1935.

- (2) Mr. E. O. Manwell of the B. B. & C. I. Railway, appointed Superintendent of Traffic on the and January, 1936.
- (3) Mr. A. E. Henderson of the Eastern Bengal Railway, appointed Superintendent, Carriage, Loco and Stores on the 1st February, 1936.
- (4) L. Ramditta Mal, n.A., c.e., of the P. W. D., Jaipur State, appointed Superintendent, Way and Works on the 2nd January, 1936.
- (3) Rai Sahih Keshava Deva Bhargava, M.A., of the North-Western Railway, appointed Assistant Auditor on the 22nd February, 1936.
- 232. Under an arrangement made with the B. B. & C. I. Railway, some of their men working on the State Railway were taken over for two years on the pay and under the conditions of service obtaining on the B. B. & C. I. Railway. As trained men were not available locally, ex-Railway men had to be recruited for the different departments. But for posts in which previous railway experience was not essential, selections were made from amongst Jaipur subjects. With the object of ultimately manning the State Railway entirely by local men, a number of Jaipur subjects have been employed as probationers.

Recruitment of Subordinate staff.

233. A Railway Medical Officer was appointed to work under the control of the Director of Medical Services. He is in charge of the Head Quarters offices and the line between Jaipur and Nawalgath (inclusive). The State Medical Officers at Jhunjhunu, Chaksu, Newai and Sawai-Madhopur have been placed in charge of the other rections of the line, in addition to their civil duties.

Medical Arrangements.

234. The permanent way and buildings on the Railway were constructed by the State at their own cost, but the State did not own any rolling stock. Under the agreement with the B. B. &. C. I. Railway, that railway used to supply, free of charge, the stock required to work the State Railway. 13 locomotives and 44 carriages had therefore to be purchased from the B. B. &. C. I. Railway at a cost of Rs. 6,65,327. No good stock being obtainable from the B. B. & C. I. Railway or any other Railway, an order for 125 wagons and 5 brake vans, estimated to cost Rs. 4,59,000 was placed with Messrs Burn & Co., of Calcutta. None of these could be delivered during 1935-36 and wagons had to be hired from the B. B. & C. I. Railway.

Building and Rolling stock.

235. The rates and fares applicable on the B. B. & C. I. Railway, which were also in force on the Jaipur State Railway prior to the transfer of management, have been allowed to continue, and it has been arranged with the B. B. & C. I. Railway that for all inter-changed traffic, the rates and fares would be charged for the combined distances over the B. B. & C. I. and Jaipur State Railways.

Rates and Fares.

236. The B. B. & C. I. Railway has conceded to the Jaipur State Railway running powers over the Jaipur-Sanganer portion, thus enabling the two branches of the State railway being linked. The terms and conditions for the grant of running powers were under discussion with the General Traffic Manager of the B. B. & C. I. Railway at the end of the year.

Running Powers.

237. The Railway stations at Jaipur, Sanganer and Reengus are worked as Joint stations. At Sawai-Madhopur, the broad-guage and the metre-guage stations are worked independently by the B. B. & C. I. Railway and the Jaipur State Railway, respectively, but the transhipment of goods is joint.

Joint Stations.

238. There being no workshops at present rolling stock is sent to the B. B. & C. I. Railway workshops at Ajmer for heavy repairs and overhaul.

Workshops.

239. The Running shed at Jaipur did not contain any machinery. Under the management of the B. B. & C. I. Railway, all machining work required for the Jaipur shed used to be done at Ajmer and Bandikui. To enable the State Railway to have its light repairs done locally, it was necessary to instal machines in the Running shed. The extension of the Running shed and installation of machines were in progress during the year.

Running shed.

240. The construction of a Store Depot was also in progress. On its completion, the Stores Department will be organised.

Stores Department.

241. Coal was obtained through the Chief Mining Engineer, Railway Board, and orders for slippers were placed with the Slipper-Control Eastern Group, a small quantity required immediately being purchased from a contractor.

Coal and Slippers.

Investments.

256. The total investments aggregated Rs. 4,53,19,707 on the 31st August, 1936, as compared with Rs. 4,54,14,953 on the 31st August, 1935, as detailed below:—

Assets.

258. The total assets, apart from outstanding against Jagirdars, etc. and the investment of Rs. 83,56,000 in the State Railway, aggregated Rs. 5,75,97,726 on the 31st August, 1936, made up of Rs. 1,08,99,027 in cash and investments of the market value of Rs. 4,66,98,699.

Mint and Tarkashi.

- 259. The receipts of the Mint and Tarkashi Departments rose from Rs. 4,869 in 1934-35 to Rs. 5,481 during the year, as also the expenditure from Rs. 7,127 to Rs. 7,254.
- 260. Mint—Gold Mohars, Jharshahi rupees and Jharshahi small silver and copper coins are coined in the Mint, and Standard weights in wrought iron and Standard yard measures are also prepared there. In addition, silver bars are cut into small bars of about 70 rupees in weight bearing the seal of the Mint. These are issued for manufacture into fine thread and laces. The output of silver bars increased from 1,721 in 1934-35 to 2,311 during the year; the sale of Standard weights also rose from 247 to 256 maunds.
- 261. Tarkashi—The chief function of Tarkashi, which is one of the oldest institutions in the State, is to place the hall-mark of purity on all manufactures of gold and silver thread and lace.

CHAPTER VIII.

FINANCE.

231. Dewan Bahadur Lala Vaishnava Das, Mr. D. N. Sen and Mr. B. G. Bhattacharyya, M.A., B.Sc., I.L.B., continued to hold the appointments of Special Accounts Officer, Accountant General and Treasury Officer, respectively, during the year. Dewan Bahadur Lala Vaishnava Das was on leave from the 10th April, 1936, to the 8th May, 1936, and officiated as Finance Member from the 9th May, 1936, to the 23rd August, 1936, when Mr. Sen performed the duties of Special Accounts Officer, in addition to his own.

Personnel.

252. The revenue and expenditure of the State, which are detailed in Appendices XXXVII and XXXVIII, are abstracted in the subjoined table:—

		To	TAL	• •	2,13,77,295	1,81,48,050	-32,29,245

253. The increase in receipts under Revenue Heads is largely due to better income under "Land Revenue," "Customs," "Excise," "Interest," "Presses and Ginning Factory" and "State's share in Excise Duty on Matches."

254. The taking over, during the year, of the management of the Jaipur State Railway from the B. B. & C. I. Railway Company, larger outlay on Travelling Allowance and Uniform of the Police force and construction of more buildings chiefly account for the rise in expenditure under the Revenue Heads. The capital budget includes a large outlay on capital works of the State Railway. The abnormal decrease under "Investments" is due to the fact that the figure for 1934-35 included large investments made out of the sale proceeds of silver.

253. The opening and closing cash balances were:-

SANITATION & EPIDEMICS.

- 270. Sanitation of the city of Jaipur continues to engage the close attention of the Public Health Department. The Man Prakash Cinema, the fruit and vegetable stalls, the slaughter houses and the trenching grounds are regularly inspected by the Health Officer.
- 271. The State was free from plague during the year. There was, however, a mild epidemic of cholera which prevailed for about 4 months from May to August, 1936, in 11 towns and villages including the city of Jaipur, the total number of cases reported being 181, of which 83 proved fatal. The preventive measures undertaken proved successful in controlling the disease. Small-pox prevailed in a sporadic form, the number of cases and deaths registered being 244 and 21, respectively.

VACCINATION.

272. The strength of the vaccination department was the same as in the preceding year, namely 2 Inspectors, 45 vaccinators, 6 candidate vaccinators, 3 permanent vaccination chaprasis, and 66 temporary vaccination chaprasis engaged during the vaccination season. The department works under the supervision of an Assistant Surgeon. The lymph is obtained from the Government Lymph Depôt at Patwa-Dungar in the Naini Tal District. The number of successful primary vaccinations during 1936 was 78,636 as against 77,666 in 1935. Successful revaccinations totalled 158 in 1936 as against 599 in 1935. The expenditure of the department amounted to Rs. 20,426 as compared with Rs. 22,620 in 1935.

MEDICAL RELIEF.

Medical Institutions. Vide Ap. XL. 273. The total number of hospitals and dispensaries, working during the year, was 46. This number does not include the three Inspection outpost at the Jaipur Lancers, the 1st Jaipur Infantry and the 2nd Jaipur Infantry, but includes the 9 dispensaries maintained by private individuals under the supervision of the Director of Medical Services. Of the 46 hospitals and dispensaries, 9 were in Jaipur city and 37 in the district. Subjoined are the details of medical relief afforded by these institutions:—

					•	1934-35	1935-36
Out-patients treated						7,16,163	7,19,946
In-patients treated	٠.					10,481	11,376

Expenditure.

274. The expenditure of the medical department aggregated Rs. 3,95,169 as compared with Rs. 3,64,184 in 1934-35.

Mayo Hospital.

275. The Mayo Hospital is the central hospital of the State. Though out of date and unsuitable for modern work, it is provided with accommodation for all varieties of cases, quarters for staff, a post-mortem room and isolation wards for leprosy and tuberculosis cases. It has 170 beds for males and 50 for females. The Curzon-Wyllie Ward and the Lady Hardinge Memorial Wards are much used by patients of the better class. The work and expenditure of the Hospital during the year are compared below with those of the preceding year:—

			Number of ut-patients treated	Number of in-patients treated	Number of operations performed	Total expenditure incurred
						Rs.
1934-35	••	•••	75,068	5,312	3,342	1,07,030

Anti-rabid treatment.

276. Six hundred and seven persons bitten by rabid dogs were treated at the Anti-rabid treatment centre in the Hospital.

CHAPTER X.

PUBLIC INSTRUCTION.

Personnel.

284. Mr. W. Owens, B.A., M.B.E., continued to be Director of Education. Miss Latika Rudra, B.A., LL.B., B.T., Inspectress of Schools, having resigned from the 2nd January, 1936, Mrs. M. E. Cursetjee was appointed in her place; she joined her post on the 10th April, 1936.

Expenditure on

285. The total expenditure incurred by the State on education amounted to Rs. 6,44,059 as against Rs. 6,06,485 during 1934-35 showing an increase of Rs. 37,574. Besides the State expenditure, several Thikanas incurred on education an expenditure of Rs. 1,30,860 as against Rs. 1,03,801 in the preceding year. Private persons and agencies also spent about Rs. 3,75,788 as compared with Rs. 3,43,220 in 1934-35.

Number of institutions.

286. The total number of educational institutions in 1935-36 was 1,056 with 56,131 scholars on the rolls, the corresponding figures for 1934-35 being 958 and 52,635, respectively, as detailed below:—

	193	34-35	1935-36	
	Number of schools	Number of scholars	Number of schools	Number of scholars
State Institutions	 258	20,570	270	21,351
Private Institutions	 374	23,180	360	23,044
Chatshalas & Maktabs	 326	8,885	426	11,736
Total	 958	52,635	1,056	56,131

287. The large increase in the number of Chatshalas and Maktabs is not due to the opening of new institutions but to the fact that many institutions of this class, which had so far escaped the notice of the department were brought on the register by the supervisor of these indigenous institutions, whose appointment was created during the year.

Scholars.

288. According to the Census of 1931, the population of the State was 13,87,067 males and 12,44,708 females. Calculated at the usual rate of 15 per cent, the male population of school-going age works out to 2,08,060 and the female population to 1,86,706, giving a total of 3,94,766. Of this total, 52,438 boys and 3,693 girls were under instruction in 1935-36, as compared with 48,956 boys and 3,679 girls in 1934-35.

Scholars according to race and religion.

289. The following statement compares the number of scholars according to race and religion:—

					Number of pupils of school-going age	Number of scholars in 1934-35	Number of scholars in 1935-36
Hindus	 	٠٠.			3,57,921	43,209	45,104

279. The expenditure amounted to Rs. 39,009 as compared with Rs. 43,483 in 1934-33.

280. The Aushadhalaya was founded in June, 1919, by a few philanthropic citizens of Jaipur. Its chief source of income is donations received from the public. One of the objects of the institution is to revive the Ayurvedic system of medicine. Recognizing its usefulness, the State made an annual grant of Rs. 1,000 in 1926. The amount was raised to Rs. 1,200 in 1930, Rs. 1,500 in 1932 and again to Rs. 1,800 in 1935.

Dhanwantri Aushadhalaya, Jaipur.

CENTRAL STATE LABORATORY.

281. The main work done in the Laboratory which is located in the Mayo Hospital, is the examination of various samples of water, analytical examination of poisonous drugs, disinfectants, etc. and the manufacture of pharmaceutical preparations for the use of State Medical Institutions. Three hundred reventy-five samples of water were examined. Of these, 16 were examined with a specific purpose in view and the remaining were tested as an aid to control the purification plants at Lachman-Dungri and Amanishah Water Reservoirs. Twenty-four samples of opium, oils etc. were also examined and their analytical results used for appraising purposes. About 4,000 pounds of Standard pharmaceutical preparations were manufactured and various solutions for injections prepared.

STATE VETERINARY DEPARTMENT.

282. Since the 17th June, 1935, the State Veterinary Department has been under the control of the Director of Medical Services. Mr. J. Chowdhury, G.B.V.C., continued to be State Veterinary Officer. The work done by the Department is tabulated below:—

CHAPTER XI

MINOR DEPARTMENTS

Atish.

307. Eleven horses were added to the total number of 137 horses in the Atish at the beginning of the year. Of the 148 horses, 35 were presented to Jagirdars and others. 3 died and 1 was sold, leaving 109 at the end of the year. This number does not include 18 horses which have been kept at Jodhpur. The expenditure increased from Rs. 93,657 in 1934-35 to Rs. 1,83,831 during the year.

Aviation Department.

- 308. Sanganer Aerodrome, Jaipur.—The establishment, near Jaipur, of a fully equipped aerodrome, was sanctioned by His Highness the Maharaja Sahib Bahadur in September, 1934. A site was selected for the purpose between the Railway station of Sanganer and the Sanganer town, on the Jaipur-Tonk Road, at a distance of about seven and a half miles from Jaipur city. The Aerodrome with its Hangar, Landing Ground and other connected buildings, was completed during the year under report. Its opening ceremony was performed on the 17th of November, 1935, by the Hon'ble Sir Frank Noyce, K.C.S.I., C.B.E., I.C.S., Member of the Executive Council of the Government of India. The aerodrome, which is known as "Sanganer Aerodrome, Jaipur," is available to civil aircraft.
- 309. An aircraft "Airspeed Courier" was purchased. It was subsequently disposed of and replaced by a larger and better equipped aircraft a twin engined "Airspeed Envoy."
- 310. Mr. A. Le. R. S. Upton was the first State Pilot, appointed on the 26th November, 1934. His services were terminated on the 30th April, 1936, and Flight Lieutenant L. S. Hill was appointed in his place with effect from the 1st October, 1936. Mr. K. S. Misra, who was engaged as Ground Engineer on the 8th April, 1936, was relieved of his duties on the 1st June, 1936, and was succeeded by Mr. R. M. A. Lakin.
- 311. Landing Grounds.—Landing grounds were also made at Malpura, Sawai Madhopur, Isarda and Jhunjhunu during the year.
- 312. There is also an emergency landing ground at Badhal near the Reengus railway station, which was constructed in 1930 by the Civil Aviation Department of the Government of India, through the agency of the State Public Works Department. The latter maintains the ground at the cost of the former,
- 313. Expenditure.—The total expenditure of the department, apart from the capital cost, amounted to Rs. 25,271 during the year.

Bakshi Khana Qilejat & Jagir. Baks

- 314. Thakur Jaswant Singh of Parli was in charge of the amalgamated department of Bakshi Khana Qilejat and Jagir. The work of the department being in arrears, M. Shiv Prasad, Officer on Special Duty in the Vice-President's Department, was deputed in June, 1956, to work as Additional Bakshi Jagir. This arrangement resulted in a considerable improvement and many arrears were cleared off.
- 315. Qilejat—There were 301 Forts on the borders of the State varying from small building with mud walls to massive structures, such as the fort of Khandar and the historic stronghold of Ranthambhore. The forts were garrisoned partly by State Forces and partly by retainers of Jagirdars. In lieu of pay for service rendered, the Jagirdars are assigned a fixed number of villages from the revenues of which the expenses of their detachments are paid. When the Bakshi Khana Qilejat came into being, the strength of the State garrison was 2,026 officers and men, involving an exspenditure of over three lakhs a year. The number of these forts, which are now of no military use is being gradually reduced, as also the strength of their garrison. During the year 1935-36 there were 18 Forts with a garrison of 594 men maintained at a total cost of Rs. 57,930.
- 316. The obligation of the Jagirdars to supply men for service at the forts of Ranthambhore and Khandar was commuted into cash in 1931-32 at the rate of Rs. 9 per man per mensem.

320. Land was originally given on the condition that one man was produced for Raj service for each plough, one plough representing about 120 bighas. The descendants of the original grantees subsequently multiplied and the land was divided and sub-divided, each shareholder having to serve the Raj for a period proportionate to his share. The total number of cosharers during the year was 1,688. These men now perform watch and ward duties in the palaces and in several departments and offices of the State. They also serve as guards at the Forts of Nahargarh, Jaigarh and Ambagarh and other places. They are now attached to Bakshi Khana Qilejat and Jagir. The expenditure incurred in connection with their supervision amounted to Rs. 698 against Rs. 722 in the preceding year.

Charity.

321. Pandit Harihar Nath Sukhia was in charge of the Charity Department throughout the year. The expenditure of the various branches of the department amounted to Rs. 2,72,179 as against Rs. 2,67,791 and 7 gold mohars in 1934-35, as detailed below:—

322. The Gaushala and the Anath Ashram (Orphanage) for Hindu Orphans continued to receive monthly grants-in-aid of Rs. 100 and Rs. 50, respectively, from the funds of the Department.

Farrash Khana (including Mashal Khana). Feel Khana.

- 323. Thakur Kalyan Singh of Ajairajpura continued to hold charge of the Farrash Khana. The expenditure of the department decreased from Rs. 24,548 to Rs. 21,953 during the year.
- 324. There were 17 elephants in Feel Khana at the beginning of the year. Four were sold, 4 were received from Alwar and 1 died, leaving 16 at the end of the year. The expenditure amounted to Rs. 35,878 as compared with Rs. 31,687 in 1934-35.

Forests, Shikarkhana and Grass Farm.

- 325. Lt. Colonel Thakur Bhairon Singh continued to hold the post of Superintendent of Forests, Shikarkhana and Grass Farm.
- 326. The receipts of the department rose from Rs. 1,39,164 in 1934-35 to Rs. 1,56,104 during the year, as also the expenditure from Rs. 1,33,808 to Rs. 1,42,168.
- 327. Forests—The total area under forest conservation was 343 square miles at the close of the year. The number of forest offences fell from 522 in 1934-35 to 431 during the year, the compensation realised in the cases compounded falling, in proportion, from Rs. 2,512 to Rs. 2,038 during the year. The number of cattle admitted to grazing and the grazing fee realised increased from 1,33,166 and Rs. 16,595 in 1934-35 to 1,76,540 and Rs. 40,868, respectively, during the year. The number of cattle and browsers impounded was 3,738 as against 3,765 in the preceding year, the moiety of the Forest Department on account of pound fees being Rs. 1,720 against Rs. 1,604 in 1934-35. There were three outbreaks of fire but the damage done was negligible, as grass had been removed.
- 328. Shikarkhana.—Eleven tigers and two panthers were, among other animals, shot during the year. The total area under Shikarkhana was 3 square miles.
- 329. Grass Farm.—The area under the control of the Farm continued to be the same, namely 17 sq. miles. Out of the total quantity of 2,30,842 maunds of grass in the Farm, 86,713 maunds were issued, leaving a balance of 1,44,129 maunds at the end of the year.

330. Of the total number of 36 State gardens maintained during the year, 6 were for the exclusive use of His Highness the Maharaja Sahib Bahadur. The receipts decreased from

301. The total State expenditure on girls' education amounted to Rs. 18,678 as against Rs. 42,319 during the preceding year.

402. One graduate female teacher and one graduate male teacher of State schools, who were deputed to Benares for training in July, 1931, resumed their respective duties, after successfully completing the Bachelor of Teaching Course.

Training of Teachers.

10:1-16

303. Six teachers of State Schools, who were admitted to the Training School at Jaipur, in July 1935, resumed their respective duties after completing the Anglo-Vernacular Teachers' Certificate Course. Four teachers from State schools and 14 from Thikana and private schools were admitted to the Anglo-Vernacular Teachers' Certificate Class of the Training school at Jaipur, in July 1936. Eighty-six teachers from State schools and eight from Thikana and private schools were under training in the Primary Teachers' Certificate classes of the Normal school at Jaipur, and the Central Training School at Paota. Twenty-one candidates from the Normal School at Jaipur appeared for the Vernacular Teachers' Certificate Examination of 1936, of whom 14 were successful. Forty candidates from the Normal School at Jaipur and 28 from the Central Training School at Panta appeared for the Primary Teachers' Certificate Examination of 1936, of whom 35 and 19, respectively, satisfied the test. The total State expenditure on training institutions amounted to Rs. 31,227 as against Rs. 29,080 in 1934-35.

304. The total amount of grants-in-aid given to private institutions was Rs. 21,209 as against Rs. 21,410 in 1934-35.

303. In the year under review, scouting was made one of the practical subjects for the Anglo-Vernacular Middle and Vernacular Final Examinations of Jaipur, and it is hoped that this step will give a strong impetus to the Scout Movement in the State.

306. The Inter-Schools and College Tournament, started a few years ago, is bearing fruit; it has given impetus to general interest in team-games and athletics. The work of physical training is progressing. A training course was started during the year under the supervision of the Superintendent of Physical Education. About one hundred teachers of Anglo-Vernacular and Vernacular schools have been receiving training. It will enable them to conduct programmes in their respective schools.

Games and Physical Training. against Rs. 14,021 in 1934-35. Babu Hanuman Prasad Vaish, B.A., continued to work as Curator of the Museum, under the control of the Director of Education. The former was sent to the Lahore Museum to study the method of classification and arrangement of exhibits.

Nagas,

- 540. The sect of Nagas is said to have been established by one Sunder Das, who was one of the disciples of Maharaj Dadu Dayal, a religious preceptor who flourished in the 17th century, and whose followers are called Dadu Panthis. Nagas form a quasi-religious military order, numbering several thousands, of whom the majority live in the Jaipur State. They are said to have come into prominence as a military force in the reign of Maharaja Sawai Jai Singh II, the founder of the city of Jaipur, and to have fought in many battles side by side with the Jaipur troops. They rendered meritorious services to the State and the British Government on the occasion of the Indian Mutiny of 1857. They do not now perform any military duties but work as process servers and messengers at Tehsils and Nizamats and assist the revenue staff in connection with the collection of land revenue. They are paid at the rate of Rs. 4 and Rs. 4-8 a month. Their sanctioned strength, for which pay is drawn from the State treasury is 5,377 men, but not more than 75 per cent of the alleged strength is actually present on duty. Their maintenance cost the State over 2½ lakhs a year. They profess to be celibates but as they have the privilege of adoption, which is made from various castes, their number on the rolls remain fairly constant.
- 341. The services of this force are of little value, but sentiment was always opposed to its disbandment, and its future presented a difficult problem to the authorities. Efforts were made in the past to organise this body and to make it amenable to discipline but no tangible results could be achieved. It was in connection with the re-organisation of the Jaipur State Forces that the Council of State, after mature consideration, decided in 1932 to take effective steps to reduce the strength of this force. It was then resolved:—
 - (1) that 750 Nagas be absorbed in the formation of a new Regiment, to be called the 3rd Jaipur Infantry
 - (2) that 434 Nagas be transferred to the Revenue Department for employment in Tehsils

ano

- (3) that of the remainder, whose services would not be required:-
 - (a) those over 25 years of age be pensioned off on half their pay

and

- (b) the services of the rest under 25 years of age be dispensed with.
- 342. For one reason or another, action could not be taken to enforce the above resolution, until June, 1935, when the Vice-President of the Council, Lt. Colonel Sir Beauchamp St. John, E.C.I.E., C.B.E., himself took up the matter. The first action taken by him, with the approval of the Council, was to have, among other things, a census taken of the Nagas through the agency of a special officer working under his direct orders. The officer selected for the purpose was Lala Shiv Pershad, Nazim of Malputa, who took over charge of his duties on the 1st December, 1935. The Officer was given instructions by the Vice-President as to the manner in which he should initiate the enquiry. He started the work immediately and the census was completed in about four months' time. The special officer was also ordered to arrange for the disbursement of pay to Nagas individually under his direction, and not through their Panch-Bhandaries. There was strong opposition to these measures, chiefly from the Panch-Bhandaries, as their interests were adversely affected. The opposition however gradually wore off, due to the firm attitude adopted by the Darbar. All the nine Jamats eventually accepted the measures, except that the Newai Jamat, numbering 573 men refused to receive pay individually, which had, in consequence, to be stopped.
- 343. The statistics of enumeration were collected rather hurriedly and cannot therefore be regarded as quite accurate. Even so, they indicated that the actual strength of Nagas, including minors and old and infirm persons, was 40 per cent less than that for whom pay used to be drawn by Panch Bhandaries, it being 3,190 persons against the fictitious figure of 5,377, at which it was shown for some years past. The direct disbursement of pay resulted in an immediate saving of about Rs. 3,650 a month, the total expenditure being Rs. 2,23,324 during the year under report, as compared with the annual expenditure of over two lakhs and a half in

Seventeen villages held by the Jagitdam of Jhilai, Barnala, Dhula, Chitora and Bataj on arcount of the Qiledari of these forts have so far been resumed—come at the Jagitdam own request and others as the Jagitdam defaulted to pay the commuted amount.

317. Jagir-Under the old feudal system each Jagirdae had to provide a presented number of horse-sowars for the service (Chakri) of the Raj. The obligation to furnish sowars was commuted into each payment in 1921 when their strength was about 5,600. Conveyuent on the lapte of some of the Jagirs, their number gradually decreased; it was 5,416 in 1925-56. Details are as below:—

- 355. Scouting has been making steady progress. There were, during the year, 95 Scout Troops, 44 Cub Packs and 11 Rover Crews, all of which except two belonged to educational institutions. The strength of scouts increased from 3,165 in 1934-35 to 3,291 in 1935-36.
- 356. One Training Camp for Scoutmasters and two for Cub-masters were held during the year. They were conducted by the Organising Secretary. Troops all over the State went on hiking expeditions to different places. In June, 1936, a long hiking expedition was undertaken by six scouts of the State. They walked from Mussorie to Simla—a distance of about 163 miles. Rallies were held on the Birthdays of His Majesty the King-Emperor and of His Highness the Chief Scout. Service is rendered by the Scouts at fairs and other functions in different parts of the State and it is much appreciated by the public. Parties of Scouts from Baroda, Cawnpore and

Rs. 5,143 in 1934-35 to Rs. 3,822 during the year, while the expendence, including that incurred through the Public Works Department, increased from Rs. 1,01,157 to Rs. 1,01,783.

- 333. The expenditure on the Ranniwas garden and its Zordogical section, incurred during the year, amounted to Rs. 54,560 and Rs. 13,769 respectively.
- 332. B. Satkori Mukerji, B.A., continued to ternain in charge of the Kapardwaea, which is located in a building within the premites of the Chandra Mahal Palace in the City. It is an institution peculiar to the Jaipur State and the name signifies the State wardrobe. It consisted of the following four main sections during the years—
- (1) Jawaharkhana, which contains valuable ornaments and jewellery of the State.
- (2) Toshakhana, wherein personal apparel of the Ruler and other costly clothes are kept.
- (3) Zargarkhana, in which gold and silver articles are stored.
- (4) Khazana Bela, wherein each is kept, and accounts are maintained.
- 333. Including fresh arrears of Rs. 331 admitted during the year, the total outstanding arrears due to Kapardwara amounted to Rs. 8,54,954. Of this, a total sum of Rs. 20,588 was realised, leaving a balance of Rs. 8,34,056 at the end of the year. The expenditure of the department was Rs. 29,433 as against Rs. 23,293 in 1934-35.
- 134. Thakur Kalyan Singh of Ajairajpura was in charge of Khasa Bayei Khana. Four horses were removed and an equal number was admitted, the number remaining the same as in the preceding year, namely 20. There were, in all, 33 carriages as in 1934-35. The expenditure of the department was Rs. 18,285 as against Rs. 15,906 in 1934-35.
- 335. Mahakma Khahar is the Intelligence Department of the State. Its employees, who are known as Khahar Navises, are posted in different places in Jaipur and also in Narmats, Tehrils and other important places in the district. Their duty is to communicate news of importance to headquarters. They also did work of the Raj Post Offices in the district. On the reorganisation of the Raj Postal Department, however, they were relieved of postal duties, with effect from the 1st March, 1936, when their strength was reduced from 114 to 50. The total expenditure of the department was Rs. 19,466 as against Rs. 21,574 in 1934-35.
- 336. The Library, which is located in a Raj building centrally situated in the city, was founded in 1886. It is a State institution, being financed entirely by the Darbar, apart from a small monthly fee of four annas per head recovered from those readers, who take away books to read at their homes. The income from this source amounted to Rs. 327 as against Rs. 317 in the preceding year. The Library is open to the public from sunrise to sunset on all days except Sundays and holidays. The number of visitors and readers increased from 41,157 in 1934-35 to 43,693 during the year. Addition of 327 books raised the total number in stock from 22,441 at the beginning of the year to 22,768 at its end. The total expenditure was Rs. 4,827 as against Rs. 4,814 in 1934-35.
- 337. Mistri Khana is maintained for the prompt manufacture, and supply on payment, of articles of furniture required for the palaces and the various departments of the State. The value of work turned out increased from Rs. 14,049 to Rs. 25,928 during the year, 25 also the receipts and expenditure from Rs. 2,630 and Rs. 72,755 to Rs. 3,090 and Rs. 7,443, respectively.
- 338. Mr. J. N. Bhargava continued to be Superintendent of the State Motor Department. Excluding one car and one lorry which have been transferred permanently to the Superintendent of Shikarkhana, there were 38 motor vehicles at the beginning of the year. Six new cars were purchased and one was presented to Her Highness the Maharaniji Sahiba of Panna, which left 63 vehicles in the garage at the end of the year. The expenditure of the department amounted to Rs. 4,30,499 as against Rs. 1,41,088 in 1934-35.
- 339. The Albert Museum, which is maintained by the State, came into existence in 1881. It was removed in 1886 to the Albert Hall in the Ram Niwas Gardens. The building is one of the notable architectural features of Jaipur. The Museum is open to the public throughout the year from 7-30 A.M. to half an hour before sunset, except on Sundays when it is closed at 10 A.M. and teopened at 3 R.M. On Fridays it is reserved for women after 12 noon. The lady visitors are taken round the galleries by women attendants. The number of visitors was 2,63,616 as against 2,48,892 during the preceding year. The expenditure amounted to Rs. 13,980 as

the preceding years, the audited figure of expenditure in 1914-15 being Rs. 2,19,217.

- 544. The enquiries instituted by the Special Officer have further proved beyond doubt that under the former system of disbursement of salaries through Panch Bhandaries, the latter used to mirappropriate large sums of money. During the course of the enquiry the special officer discovered undisburred surplus balances appreparing Rs.7,609, which amount was forfeited to the State.
- 345. The Naga community has been definitely told that recruitment of Nagas for military service is no longer required. It has, however, been explained to them that the order in no way affects the religious practices of their sect, which they are at liberty to follow as heretofore.
- 346. The action subsequently taken for the reduction of the strength of the force and for its absorption in other departments of the State will be described in the Report for the following year.
- 347. Risala Kalan is a dismounted body of men, recruited solely from Rajputs. The men perform watch and ward duties in the City Palace and serve as Lawazama on ceremonial occasions. They are armed with swords and muzzle loading guns of local manufacture. Their attength continued to be 142 officers and men. The expenditure amounted to Rs. 17,289 25 compared with Rs. 16,900 in 1914-35.

364. The Jaipur State Gazette is printed in the State Printing Press which is located within the premises of the Central Jail. The Gazette is published fortnightly on the 1st and the 15th of every month in English, Urdu and Hindi. Its copies are supplied free to State departments, and offices and are also exchanged with those of the Official Gazettes of the Bikanet, Jodhpur Idar, Bundi and Palanpur States. Its subscription is Rs.3 a year for copies supplied locally and Rs.4 for those tent outside the city of Jaipur. The total number of copies issued decreased from 290-in 1934-35 to 281 during the year. The latter figure includes 136 copies supplied free.

165. The Jaipur State Soldiers' Board was originally established in May 1928 as a tentative measure and was made a permanent institution in January 1929. It looks after the interests of ex-soldiers, their widows and dependents. The Board is composed of a President and 15 members, the former being Rai Bahadur Pandit Amar Nath Atal, Finance Member of the Council of State.

366. At the beginning of the year two boys were drawing scholarships. No feesh scholarships could be secured.

367. Civil employment registers received from different Regiments from time to time were, as usual, forwarded to the Military, Police, Jail, Railway and other departments of the State and about half a dozen ex-soldiers were given employment in different Departments.

368. Poppy Day was observed on the 11th of November in 1935 as well as in 1936. Collections from the sale of Poppies amounted to Rs. 3,853-11-3 in 1935 and Rs. 887-6-9 in 1936. Out of this amount, the Board proposes to grant reliefs to ex-soldiers and their dependents in the form of temporary pensions at rates varying from Rs. 3 to Rs. 5 a month for two years.

369. The opening balance on the 1st January, 1936, was Rs. 122-10-0. A sum of Rs. 580 was received from the Rajputana Indian Soldiers' Board for incidental expenses and interest from the Savings Bank Account amounted to Rs. 6-8-0. The total receipts during the year thus aggregated Rs. 709-2-0, against which a total expenditute of Rs. 391-6-0 was incurred, leaving a balance of Rs. 317-12-0 on the 31st December, 1936.

370. Members of the local Committee of the Sabha were the same as in the preceding year, viz., Rawal Sangram Singh of Samode, Thakur Hari Singh of Achrol, Thakur Sangram Singh of Diggi and Thakur Devi Singh of Dangarthal. So4 marriages among Raiputs and 16 among Charans were reported as against 814 and 14 respectively during the preceding year. Twenty-seven cases of breach of the Sabha rules as against 11 in 1934-33 were reported as below:—

# AVERAGE ANNUAL RAINFALL (1927-36)=24.9 INCHES.

General Weather Conditions.

Weather conditions in the State may be Meteorologically divided into three main Seasons,

I. Hot Season (March to mid June)

metric pressure. Weather is mostly dry and skies clear to partly clouded. Visibility good. Winds occasionally gusty, mostly from West-North-West. During the latter half (May to carly June), the period is generally hottest. Skies are dusty. Visibility fair; at times bad in the afternoons and evenings due to dust storms or thunderstorms which are sometimes followed by a moderate rain. Winds are mostly from West. Average velocity about 5.5 miles per hour. During this season, though the days Hot Season-Weather begins to warm up from now onwards. During the early part of the season, there are at times abrupt rises and falls in temperature and Bato-

## II. Rainy Season (mid June to September).

are dry and sultry, nights are generally cool and pleasant due to quick radiation and appreciable fall in temperature.

Rainy Statust-Nost Monsoon generally extends in the last week of June, fully establishes from early July, and remains steady in August. At times in association with Bay depressions rainfall is heavy (end of July to August) especially in the South-East part of the State. Monsoon retreats by mid September. the period is generally fair to good. Winds mostly from West. Average velocity declines to 4.6 miles per hour.

### III. Cold Season (October to February).

Cold Season -- During the first half of the season, weather is generally fine, with clear skies, and very good visibility; winds mostly from North-West, average velocity 3 miles per hour. During the second half (mid December to February), Western disturbances across North India cause unsettled werther with occasional hailstorms. In the rear of the disturbances temperature sometimes falls below freezing point especially in January which is considered the coldest month. Except for morning haze, visibility during the period is generally very good. Winds Easterly in morning changing to North by afternoon. Average Velocity 3.6 miles per hour.
